INTRODUCTION

Approach this event as if you were captaining a local league match. Captains are responsible for communicating with their players to ensure they arrive on site, the required 30 minutes prior to scheduled match time, get to their assigned courts and start their matches.

Match Tennis Team App will be used for this Championship, this includes communication from the event personnel and all relevant match information. During the tournament, there are four primary interactions that a team will use the Match Tennis Team app for: Submit Lineups, Receive Court Assignments, Report Scores and Sign off on Match Cards. Please be sure to visit the Match Tennis Team App homepage for all information on the app.

When Captains/Co-Captains are not on court for a match, please make sure you have your cell phone on you at all times. This is the Tournament Desk's main mode of communication during the Championship.

ROSTER REQUIREMENTS

Every team advancing must have at least the minimum number of players for the event to which they are advancing.

- All players must be USTA Members with valid membership through the duration of the event.
- All Computer Rated players must have played in at least 2 local league matches, one default can count, on the same team.
- All Self-Rated or Appeal Rated players must have played in at least 3 local league matches, no defaults counting, on the same team.
- Important: Captains are responsible for ensuring all players are eligible to compete. [There are no team or player waivers at League Section Championships.](#)

I am on the roster for two teams, in different divisions, who have advanced to Sectionals, can I play on both teams?

- Yes, however, schedules will not be accommodated for teams sharing players in different divisions.
- You must pay a full registration fee for each team you are competing on.
- Important: Captains are responsible for ensuring that they have enough players to field all lines whether or not their shared player is available.

NO DEFAULT COMPETITION

What does no default competition mean?

If you default a court – it's defaulted throughout the entire championship.

How are defaults handled?

- The position to be defaulted follows the national table for allowable defaults at all championships (National Reg. pg.21). Since USTA Missouri Valley Section League Championships are "no-default" events, the action applied for "special defaults" will follow rationale for USTA League Regulation 2.03L Scoring of Team Defaults.
- If a team defaults a position for any reason during round robin play; the position shall not play additional matches in that round robin.
- For all matches already played at the position, the opponents will be awarded a 6-0, 6-0 win.
- The position matches already played will be used for both player ratings and championship advancement purposes.
- If all teams with a mathematical chance to advance have played the defaulting team in good faith, those matches shall stand as played when determining standings.

2.03J Scoring of Individual Defaults

For the purpose of determining standings, individual defaults will be scored as a 6-0, 6-0 win for the player or doubles team receiving the default and a 0-6, 0-6 loss for the player or doubles team that defaulted the match. In the event of a default by both players or doubles teams, both sides will be given a 0-6, 0-6 loss and neither receives credit for a win. If a double default results in a tie, the tiebreak procedure shall be the same as in Reg. 2.03H Procedures In the Event of a Tie in order to determine a winner of that team match. This regulation can be found on page 17 of the 2025 USTA National League Regulations.

- Important: **Captains are responsible for ensuring all players are eligible to compete.**

ACES SPORTSMANSHIP PLEDGE

All participating players must sign the Pledge, prior to arriving at the Championship, in order to play. During Championship registration, players will sign the pledge when they sign the waiver for the event.

Do I have to sign the ACES Sportsmanship Pledge in order to participate in the Championship?

- Yes, and players will have two opportunities to sign the Pledge:
 1. When a Player registers for a USTA league.
 2. During Championship registration, players will sign the pledge when they sign the waiver for the event.

How do I nominate an opponent for a sportsmanship award?

- There are two ways to nominate an opponent:
 - Captains can nominate one person per match on the scorecard via Match Tennis Team App.
 - Your captain can email astelmach@movalley.usta.com with the players name & reasoning.

SCHEDULE/FORMAT/TIEBREAKS

When will I see my schedule in TennisLink?

- Schedules will be put in TennisLink and Match Team Tennis the Monday before each event.
- We will hope to have a google schedule completed the week before the event.

What is the main scoring format?

Best of two tiebreak sets with a 10-point Match Tiebreak in lieu of a 3rd set.

Match Tiebreak (10 Points, Win by 2)

- When the score in an individual match is one set all, a Match Tiebreak shall be played in lieu of a 3rd set. This tie-break game replaces the deciding final set. The player/team who first wins ten points (win by two) shall win this match tiebreak and the match. If the score goes to 9-9 and beyond, players continue to play until there is a winning margin of 2 points (i.e. 11-9, 12-10, 15-13, etc).
- Two minute rest between 1st & 2nd set and between 2nd & 3rd set match tiebreak.

Coman Tiebreak Procedures

- Coman Tiebreak procedures apply to all tiebreak sets including the Match Tiebreaker.
- First team serves one time, followed by two serves for each team thereafter.
- Change sides after the first serve and then after every four points thereafter.

(Note: Easy way to remember in doubles is that each player will serve from the same side).

Alternate scoring formats due to weather

I understand that inclement weather may result in the use of "short set" scoring, can you explain that format?

- Playing best of 2 of 3 NO AD Short Sets (with a match tiebreak in lieu of the 3rd).
 - First to 4 games by 2; at 4-all use set tiebreak (Comen tiebreak to 7)
 - Start at 0-0 and play to 4 games
 - Possible scores: 5-4, 5-3, 4-2, 4-1, 4-0
 - If sets are split, play a match tiebreak (Comen tiebreak to 10)

Standings/Results

The official standings and results can be found in TennisLink. Guests and spectators can access the standings page by using view standings in TennisLink or go directly from the Match Team Tennis app.

Tiebreak Procedure To Determine Standings

For Section and National Championships, in which there is a tie, the tie shall be broken by the first of the following procedures that does so.

1. Individual Matches. Winner of the most individual matches in the entire competition.
2. Head-to-Head. Winner of head-to-head match only if all tied teams have played each other and one team defeated all the teams that are tied.
3. Sets. Loser of the fewest number of sets.
4. Games. Loser of the fewest number of games.
5. Game Winning Percentage: Total games won divided by total games played
6. A method to be determined by the championships committee. Procedure to be announced prior to commencement of championship competition.

The computer breaks as many ties as possible using a given step before using the next step until the order of finish is determined.
