**DURING A TOURNAMENT, THERE ARE FOUR PRIMARY INTERACTIONS
THAT A TEAM WILL USE THE MATCH TENNIS TEAM APP FOR:**

1. [Submit Lineups](#)
2. [Receive Court Assignments](#)
3. [Report Scores](#)
4. [Sign off on Match Cards](#)

** Make sure to do a practice lineup to confirm that you see all of your players and that you can enter a lineup.***

THE APP CAN BE ACCESSED IN ANY OF THE FOLLOWING 3 WAYS:

1. Mobile/Desktop Web Browser:
<http://www.matchtennisteam.com> click login from menu
2. iOS
<https://apps.apple.com/us/app/match-tennis-team/id1298091774#?platform=iphone>
3. Android
<https://play.google.com/store/apps/details?id=com.teamx.team>

Overview Page: <https://www.matchtennisteam.com>

INTERACTION 1: SUBMIT LINEUP TO DIRECTOR FOR APPROVAL

1. Tap Matches icon in the top menu
2. Tap "Match Card" icon of respective match
3. Tap on each position dropdown and select the player in that position
**User may need to scroll down the page by touching and dragging up
4. Tap on NTRP dropdown and select NTRP for each player (If field present)
5. Tap the "Submit Final Lineup" button to submit the final lineup to the director. ** You will receive a pop message confirming "lineup has been submitted"
**Prior to the start of your team's 1st Rd match, tap and use the "Update" button if you would like to play around and practice with the lineup without finalizing and submitting to the director yet. When using the update button only you and your team can see the lineups.

After the Director reviews your submitted lineup the captains will receive a text message confirming the lineup was approved. Upon lineup approval your team will be added to the court waiting list, so make sure all team members are prepared and ready to go on court to play their match upon submitting your lineup

**It is important for Captains to submit lineups 30 minutes before the scheduled match time so the director has time to review and assign courts.

INTERACTION 2: COURT ASSIGNMENTS

1. Players will receive a text,in-app, and email message informing them to report to their assigned court at the assigned site.
2. Captains will also receive a copy of these messages for each assigned court for each line position being played so they can make sure that all players get on court for their matches and assist anyone needed

INTERACTION 3: SCORE REPORTING (CAPTAINS OR PLAYERS)

1. Tap Matches icon in the top menu
2. Tap "Match Card" icon of respective match
3. Tap on the text box of the respective match with text "Report Score"
4. Score Form window will appear.
5. Enter "win,loss,delay" from dropdown of respective team player
6. Enter each set score for each team
 **Next set fields will appear after entering the previous set
7. Tap "Update" button

We encourage the players to do this so the score is fresh in their minds but captains can also do it for them. The score is entered automatically for both teams based on the first team that enters the score. If there is a discrepancy then notify the tournament director and they will resolve it.

INTERACTION 4: MATCH CARD SIGN OFF

After all scores reported for all matches for that lineup then Captains do the following:

1. Tap Matches icon in the top menu
2. Tap "Match Card" icon of respective match
3. Review scores and if you agree then tap the yellow "Sign Off" button at the top of the card.
