The USTA Wheelchair Tennis Committee, in consultation with the USTA Adult Tennis Department, determines the restrictions on players with ITF rankings from entering Letter Divisions and the requirements for players to move up to a higher Letter Division.

1. *Restrictions on players with ITF rankings from entering Letter Divisions.* The restrictions on players with ITF rankings from entering Letter Divisions will be published in **Table 1.** These restrictions are based on the most recently published ITF rankings as of the tournament entry deadline.

 - ii. *Top players required to play higher Letter Division.* Subject to the appeals process set forth in **Regulation III.E.2.d.**, players who meet the criteria set forth in **Table 2** will be listed on a higher Letter Division Eligibility List.

TABLE 2 • Criteria for Playing a Higher Letter Division

The National Standings List used for the calculations described below will be those Lists set forth in **Regulation III.E.2.b.**, except that any player that appears on the list with only Participation Points and Points Per Round earned because of a withdrawal, walkover, default, or disqualification will be removed from the list before the percentages are calculated.

- Eligibility effective date.* Players are required to play in the Letter Division to which they have been assigned on the preliminary Letter Division Eligibility Lists published on January 5 or in a higher Letter Division for all tournaments with entry deadlines on or after January 6. Players that appeal their placement on a Letter Division Eligibility List must continue to play in the Letter Division assigned by the Letter Division Eligibility List or higher until the appeal is ruled upon.
- Appeal.* Any appeal of a player's placement on a Letter Division Eligibility List must be made in writing and in the form designated by the USTA Adult Tennis Department. Appeals must be sent by first class certified mail (return receipt requested) to the Wheelchair Letter Division Appeals Subcommittee c/o USTA Adult Tennis Department, USTA National Campus, 10000 USTA Boulevard, Orlando, FL 32827 no later than January 15. The appeal must include a statement as to why the player is appealing. Absent good cause shown, any appeal is barred unless it is mailed by January 15. The Wheelchair Letter Division Appeals Subcommittee will be comprised of the Chair, Vice Chair, and Staff Member of the USTA Wheelchair Tennis Committee. The Wheelchair Letter Division Appeals Subcommittee will rule on the appeal within 21 days of the receipt of the appeal. The player must continue to play in the Letter Division required by the preliminary Letter Division Eligibility List until the appeal is ruled upon. Appeal decisions are final.
- Inaugural Letter Division Eligibility List.* On January 5, 2021, the Inaugural Letter Division Eligibility Lists will be created as described in **Table 3**.

TABLE 3 • Inaugural Letter Division Eligibility Lists

Beginning in 2021, the Coed A, Coed B and Coed C Divisions will replace the Men's, Women's and Quad A, Men's and Women's B, and Men's C Divisions, and a new Coed D Division will begin. All players that appear on National Standings List as of December 1, 2020 in the Men's, Women's and Quad A, Men's and Women's B, and Men's C Divisions will be placed on a Coed A, Coed B, Coed C, or Coed D list, to be known as the Preliminary Inaugural Letter Division Eligibility Lists ("Preliminary Lists").

Placement on the Preliminary Lists will be done by a subcommittee comprised of the Chair, Vice Chair and Staff Member of the USTA Wheelchair Tennis Committee, at least one additional member of the USTA Wheelchair Tennis Committee appointed by the Chair, and at least one additional USTA staff member. The total number of members of this subcommittee will be an odd number. The Preliminary Lists will be published in December 2020 on a date determined by this subcommittee.

Players who object to their placement on a Preliminary List may submit a request to the committee reconsider.

Requests must be submitted by email to wheelchairappeal@usta.com no later than a deadline published at the time the Preliminary Lists are published, which deadline will give players at no less than 5 days from the date of publication to submit the request

The subcommittee will consider all requests before publishing the Inaugural Letter Division Eligibility List on January 5, 2021.

Players may appeal their placement on the Inaugural Letter Division Eligibility Lists as set forth in **Regulation III.E.2.d.**

F. Residency. Closed Section Level 3 Wheelchair Tournaments require players to be residents within the geographic boundaries of the Sectional Association that has been authorized to sanction the tournament. Residency is determined as set forth in **Regulation IV.** Tournaments between teams representing Sectional or District Associations require players to be residents within the geographic boundaries of the respective Sectional or District Association to play on a team.

IV. RESIDENCY

Residency shall determine the Wheelchair players who may play in Closed Section Level 3 Wheelchair Tournaments and the Wheelchair players who may be selected to represent a Sectional Association or District Association in a team competition.

A. Declaration of Residency by Wheelchair Players Living Within the Geographic Boundaries of the USTA.

A player residing within the geographic boundaries of the USTA must declare residency for the purposes of playing in Wheelchair tournaments. A player may be the resident of one Sectional Association and, if applicable, one District Association within the geographic boundaries only of the declared Sectional Association at any given time.

- Unless otherwise declared, a player's Section residency shall be the Sectional Association assigned through USTA membership and which is based on the geographic boundaries set forth in the USTA Bylaws.
- USTA members who reside in British Columbia and who meet the eligibility criteria of **USTA Regulation XIII.C.2.** shall be deemed to be residents of the USTA Pacific Northwest Section.
- If applicable, and unless otherwise declared, a player's District residency shall be the District Association assigned through USTA membership and which is based on the geographic boundaries assigned to the District Association in the Sectional Association's Bylaws.
- In the case of a junior Wheelchair player, the physical address of a player's legal guardian may be the basis for a player's declaration of residency if the player is residing with that legal guardian.
- In the case of a junior Wheelchair player, the physical address of a boarding school, including a tennis academy, may be the basis for a player's declaration of residency if the player is enrolled and residing at the school or academy.
- Players may declare a different Section and District residency no more than once each calendar year.

Regulation IV.A. Comment: If a player desires to change residency more than once per calendar year, the player must request a waiver from the USTA Regulations. See USTA Regulation XX.

B. Declaration of Residency by US Citizens Living Abroad. A Wheelchair player who is a US citizen living abroad may declare residency by submission of a request for an assignment to a specific Sectional Association and, if applicable, a specific District Association, within the boundaries of that Sectional Association.

C. Form of Declaration. A Wheelchair player electing to declare residency in a Sectional Association or District Association other than the Sectional Association or District Association assigned through USTA membership must complete the official USTA Declaration Form.

V. NATIONAL STANDINGS LIST

A. Criteria and Publication of National Standings Lists. The USTA will publish National Standings Lists in each ranking division listed in **Regulation II.A.** The USTA Wheelchair Tennis Committee determines the criteria for the National Standings Lists and the frequency of publication. The criteria will be published in **Table 4.**

B. Procedure for Selecting Teams Using National Standings Lists. When a doubles draw size is limited, teams will be selected using the most recently published individual doubles National Standing List of the Division. Teams will be seeded in the order of their combined individual standings (For example, Player A holds the #1 standing and Player B holds the #10 standing. The Team of A&B would have the combined standing of 11). If there is a tie, the team with the player that has the highest individual doubles standing on the list must be seeded in the higher position. If a player has no standing, for the purpose of determining the combined standing, this player will be assigned a standing one lower than the last player on the individual doubles National Standing List.

TABLE 4 • National Standings List (NSL) Criteria

Eligibility Criteria to Appear on a National Standings List

- Players must have a current USTA membership.
- Players must reside within the geographic boundaries of the USTA or be Canadian citizens and landed Canadian immigrants who reside in British Columbia, provided that they were USTA members for at least one month during 2010 and so long as they do not allow their USTA memberships to lapse for a period of more than six months.
- Players must have accumulated at least 1 ranking point during the previous 52-week period (the “NSL Rolling Period”).
- Players are not required to meet the citizenship/certain alien eligibility requirements to appear on an NSL.

NSL Calculation

National Standings Lists will be calculated using the same method used to calculate ranking lists as described in **Regulation IX.E.7.**, except that the NSL Rolling Period is used.

Breaking Ties

The order of the NSL is based on ranking points earned during the previous NSL Rolling Period. When more than one player has the same number of total ranking points, tie-breaks on an NSL will be determined in the following order:

1. Most total points earned in tournaments assigned as a Level 1 Ranking Tournament
2. Most total points earned in tournaments assigned as a Level 2 Ranking Tournament
3. Most total points earned in tournaments assigned as a Level 3 Ranking Tournament
4. Most total points earned in tournaments assigned as a Level 4 Ranking Tournament
5. Most total points earned in tournaments assigned as a Level 5 Ranking Tournament

See **Regulation IX.E.2.** for tournaments assigned to each Level.

NSLs for Closed Section Level 3 Wheelchair Tournaments

When National Standings Lists are used to select players for Closed Section Level 3 Wheelchair Tournaments, the lists will be filtered to only list players who are residents of the Sectional Association.

2021 National Standings Lists

Beginning in 2021, the Coed A, Coed B and Coed C Divisions will replace the Men’s, Women’s and Quad A, Men’s and Women’s B, and Men’s C Divisions, and a new Coed D Division will begin. Also beginning in 2021, the Junior 18 Coed Division will replace the Junior Open/A (18 and under) Divisions. Because there are no results in these new Divisions, the first NSLs of the year will be published on or about February 1, 2021 and include the results from January 2020.

The 2020 Men’s, Women’s and Quad Open tournaments are made up of the ITF tournaments held in the U.S. and the order of the US players on the ITF list is a good tool for seeding and selection. Beginning in 2021, the tournament offerings will change and USTA-sanctioned tournaments will begin to populate the schedule. Therefore, the Wheelchair Tennis Committee has determined that the first NSLs of the year will be published on or about February 1, 2021 and include the results from January 2020.

Each month following the initial February 2021 publications, the new NSLs in these divisions will include the additional new month of results. For example, when the June 2021 NSL is published, it will include results from January through the date of publication in June 2021. The first true rolling standings list where new results will be added and old results will be removed will be in February 2022.

First Use of 2021 National Standings Lists for Seeding and Selection

No Wheelchair Ranking Tournament may have a limited draw with a start date between January 1 and July 31, 2021. Thereafter, when draws are limited, players will be selected in the order their names appear on the most recently published National Standings List of the division. For the purpose of seeding, the NSL may not be used for the Computerized List Method of seeding in these Divisions until August 1, 2021.

Publication of National Standings Lists

The USTA will publish National Standings Lists at least monthly in each ranking division listed in **Regulation II.A.**

VI. USTA NATIONAL WHEELCHAIR RANKING TOURNAMENTS

TABLE 5 • Seeding Criteria for USTA Wheelchair National Tournaments

A. USTA Level 1 National Wheelchair Championships

The All Factors Method of seeding as described in **USTA Regulation II.A.4.b.** will be used to seed USTA Level 1 National Wheelchair Championships in the Letter Divisions and the Junior Open Coed Division with start dates between January 1 and July 31, 2021. Thereafter, the Computerized List Method of seeding as described in **USTA Regulation II.A.4.a.** as follows:

- **Singles:** Seeding will be done using the most recently published singles National Standings List of the Division.
- **Doubles:** Seeding will be done by using the most recently published doubles National Standing List of the Division. Teams will be seeded in the order of their combined standings (For example, Player A holds the #1 standing and Player B holds the #10 standing. The Team of A&B would have the combined standing of 11). If there is a tie, the team with the player that has the highest doubles standing on the list must be seeded in the higher position. If a player has no standing, for the purpose of determining the combined standing, this player will be assigned a standing one lower than the last player on the doubles National Standing List.

B. USTA Level 2 and Level 3 National Wheelchair Tournaments

The All Factors Method of seeding as described in **USTA Regulation II.A.4.b.** will be used to seed USTA Level 2 and Level 3 National Wheelchair Tournaments in the Letter Divisions and the Junior Open Coed Division with start dates between January 1 and July 31, 2021. Thereafter, the Tournament Committee determines whether the Computerized List Method of seeding as described in **USTA Regulation II.A.4.a.** or the All Factors Method of seeding as described in **USTA Regulation II.A.4.b.** will be used. When the Computerized List Method of seeding is used, the procedure described in Section A. of **Table 5** will be followed.

D. Scheduling.

1. Limit on number of matches per day. The scheduling guidelines in **USTA Regulation II.D.9.** and **Table 9** are mandatory for all USTA Wheelchair National Tournaments, except that they do not apply to tournaments that are required to use the ITF regulations.
2. Order of play. Rounds in the main draw should take precedence over consolation rounds, except that a player may be required to play one consolation singles match before the main draw doubles match. For example, the second consolation singles of the day for any player should be scheduled after the main draw doubles each day.

E. Shortening Tournaments. In the event of inclement weather, health concerns, or safety concerns, the Referee may use a match format not previously authorized for use at a USTA Wheelchair National Tournament. All matches in each round must be played with the same match format. Note, however, the shortening of tournaments sanctioned by the ITF are controlled by the ITF regulations.

VII. SECTION AND DISTRICT WHEELCHAIR RANKING TOURNAMENTS

Annually each Sectional Association is authorized to sanction or cause to be sanctioned by its District Associations the tournaments described below in each of the ranking divisions listed in **Regulation II.A.**

A. Closed Section Level 3 Wheelchair Tournaments. Annually, each Sectional Association is authorized to sanction up to one Closed Section Level 3 Wheelchair Tournament in each division. Closed Section Level 3 Wheelchair Tournaments are limited to residents of the Sectional Association. Responsibility for sanctioning Closed Section Level 3 Wheelchair Tournaments may not be delegated to District Associations. These Closed Section Level 3 Wheelchair Tournaments must conform to the following parameters:

1. *Duration.* The tournament may not exceed more than three days. Players may not make up matches after the last sanctioned day of the tournament without prior written approval of the Sectional Association.

The Code. The Code is a summary of the procedures and unwritten rules that custom dictates that players follow. **USTA Regulation IV.B.** requires players to follow The Code in all matches without officials.

A default occurs when a player is eliminated from an event under the Point Penalty System (which includes penalties for lateness) or refuses to play for reasons other than injury, illness, or personal circumstance. It is also considered a default when a junior does not start a match because of an adult deciding to discipline the junior. (Note that failure to finish a match because of an adult discipline is considered a retirement.)

Disqualification. A disqualification occurs when a player is removed from an event because the player was ineligible for the event.

District Associations. The term “District Associations” applies equally to any subdivisions of Sectional Associations.

Division. Division refers to one or two events in a tournament in which the eligibility criteria are identical. For example, the Coed A Singles and Coed A Doubles are two events but only one division because their eligibility criteria are identical.

Event. In the narrow sense, this term refers to one draw in a tournament. For example, the Quad Open Singles and Quad Open Doubles are two separate events within the same division—the Quad Open division. The main draw, any associated consolation, and place-playoffs are considered one event. Sometimes this term is also used to refer to an entire tournament.

Feed-In Championship (FIC). This term refers to a type of consolation draw in which the losers of multiple rounds from the main draw are fed back into a consolation draw. There are three types of Feed-In Championships played at Junior Ranking Tournaments:

- An FIC that feeds players in through the Round of 16 and includes a quarterfinal playoff for 3rd place and for 5th place.

First Match Consolation. This is a consolation draw in which the losers in the first round and those second round losers who advanced to that round by virtue of a bye or a default are entered into the consolation draw.

Flighting. This is a method of distributing players entered in an event into separate draws so that players of the same level are in the same draw and compete against each other. For example, assuming there are four draws (A-D) and 16 players entered, the distribution would be:

DRAW A (Strongest flight)	DRAW B	DRAW C	DRAW D (Weakest flight)
1	5	9	13
2	6	10	14
3	7	11	15
4	8	12	16

Gold Ball Event. This refers to the highest level of national competition at which USTA Gold, Silver, and Bronze Balls are awarded.

ITF Rules of Tennis. The ITF Rules of Tennis are the rules for the sport of tennis, including the rules of Wheelchair Tennis. They are made by the International Tennis Federation (ITF). The USTA, as a member of the ITF, has agreed that the ITF Rules of Tennis apply to all USTA sanctioned tournaments.

ITF Tournaments on the National Wheelchair Tournament Schedule. The ITF Tournaments on the National Wheelchair Tournament Schedule are tournaments jointly sanctioned by the ITF and USTA that are placed on the National Wheelchair Tournament Schedule. These tournaments are played under ITF tournament regulations and count for Wheelchair ranking.

Letter Divisions. These are the group of Coed divisions known as Coed A, Coed B, Coed C, and Coed D.

Letter Division Appeals Committee. The Letter Division Appeals Committee rules on appeals of a player’s assignment to a Letter Division after publication of the preliminary Letter Division Eligibility Lists. The Letter Division Appeals Committee is comprised of the Chair, Vice Chair, and Staff Member of the USTA Wheelchair Tennis Committee.

Letter Division Eligibility Lists. These are lists published annually at the beginning of the year that determine the lowest Letter Division a player may enter and play in for the calendar year.

National Wheelchair Tournament Schedule. This schedule is published yearly by the USTA Wheelchair Tennis Committee and the Adult Tennis Department and lists all tournaments sanctioned by the USTA Wheelchair Tennis Committee and ITF Tournaments that count for ranking.

No-Ad Scoring. This is a scoring system that is the same as the traditional system except that when the score reaches 40-40, only one additional point is played to determine the winner of that game. In Mixed Doubles, a male server serves this point to the male receiver, and the female player serves this point to the female receiver. In all other events, the receiver chooses the side from which the server must serve.

NSL Rolling Period. The tournament results that take place during a specified period of time are used to calculate the standing and ranking lists. The NSL Rolling Period is the 52-weeks prior to the publication of National Standings Lists that is the specified period for these lists.

“Open” Tournaments. Tournaments designated as “open” are open to all players, regardless of their residence. All tournaments are “open” unless the word “closed” is part of the title.

Points Per Round. Points Per Round are the ranking points that are awarded for reaching specified rounds in a tournament.

Points Per Round Ranking System. This is a method of ranking players or teams that is based on earning ranking points for the round reached, and in some cases, for wins over highly ranked players or teams.

Ratings. Ratings are a system of categorizing or grouping players by their ability. Ratings are based on a player’s match results. JNTRP is a USTA junior rating system that helps match opponents of similar skill levels. The USTA may require a specific rating system be utilized for determining eligibility in a level-based Adult Division.

Reasonable Time. Reasonable time is a concept that applies to:

- Toilet/change of attire breaks;
- Time for a Quad wheelchair player to re-strap the racquet to their hand;
- Time needed to repair or replace clothing or equipment other than a racket or a wheelchair;
- Time needed to replace a racket with another racket on court;
- Time needed to replace a contact lens with a spare that is on court; and
- Time needed to retrieve balls between points in matches without ball persons.

The Referee generally establishes a reasonable time for toilet/change of attire breaks based on the proximity of the toilets to the court. The time needed to repair or replace clothing or equipment other than a racket or wheelchair generally may not exceed 15 minutes.

Run/Roll. A doubles event in which one member of each team is able-bodied and one person is Wheelchair Division eligible. The Wheelchair player plays according to the **ITF Rules of Wheelchair Tennis** and is allowed two bounces of the ball; the able-bodied player is allowed only one bounce of the ball.

Section Level 3 Tournaments. See Closed Section Level 3 Tournaments.

Section and District Level 4 Wheelchair Tournaments. These are Wheelchair Ranking Tournaments sanctioned by the Sectional Associations that have been assigned a Ranking Level 4. Responsibility for sanctioning these tournaments may be delegated to a District Association.

Section and District Level 5 Wheelchair Tournaments. These are Wheelchair Ranking Tournaments sanctioned by the Sectional Associations that have been assigned a Ranking Level 5. Responsibility for sanctioning these tournaments may be delegated to a District Association.

Short Sets. This is a scoring system in which the first player to win four games wins the set. If the score reaches 3-3, a 5-Point Short Set Tiebreak is played.

Single Elimination Format. In this tournament format, once you lose you are out and do not get to play any additional matches.

Suspension Point System. This is a system under which wheelchair players are assessed points for unsportsmanlike behavior in USTA sanctioned tournaments and ITF tournaments played in the U.S. A player who accumulates too many points is suspended.

Timed Matches (Game Format). A Timed Match (Game Format) format consists of an ongoing set during which the players continue playing games until the end of the specified period of time. The player who has won the most completed games wins the match. If the game score is tied, the player ahead in the game in progress is the winner. If a game is not in progress or the score in the game in progress is tied, one final point is played to determine the winner. The player due to serve the next point shall serve the final point.

USTA International Tournaments. USTA International Tournaments are USTA sanctioned tournaments played under ITF tournament regulations, but not sanctioned by the ITF.

USTA Level 1 Wheelchair National Championship. These are the highest level of national Wheelchair Ranking Tournaments sanctioned by the USTA Wheelchair Tennis Committee that have been assigned a Ranking Level 1. Up to 4 may be sanctioned annually in each division on any surface.

USTA National Level 3 Wheelchair Tournaments. These are the third highest level of national Wheelchair Ranking Tournaments sanctioned by the USTA Wheelchair Tennis Committee that have been assigned a Ranking Level 3.

Walkover. A walkover occurs when there has been an administrative error or when a player decides not to play a match in an event because of injury, illness, or personal circumstance.

Waterfall. This is a method of distributing players into separate draws or teams so that each draw or team is of similar overall strength. For example, assuming there are four draws (A-D) with 16 players entered, the distribution would be:

DRAW A	DRAW B	DRAW C	DRAW D
1	2	3	4
8	7	6	5
9	10	11	12
16	15	14	13

The same principle can be used to waterfall players on to teams.

Wheelchair Ranking Tournaments. These are the tournaments that are used for national rankings.

Wheelchair Repair Timeout. A wheelchair repair timeout is a cumulative timeout of up to 20 minutes that is permitted for wheelchair repairs during a match, including the warm-up. A repair exceeding 15 minutes will result in the loss of a point. A repair exceeding 20 minutes will result in a default.

Withdrawal. A withdrawal occurs when a player decides not to play all matches in the event because of injury, illness, or personal circumstance. A withdrawal also may occur because of tournament administrative error.
