The USTA does not permit discrimination on the basis of gender, race, or any other prohibited basis in the selection and assignment of Umpires to tournaments and matches.

All qualified Umpires will be afforded equal opportunities to officiate both men's and women's matches. The USTA Officiating Department, where it has the authority to do so, will seek to assign qualified Umpires to matches, including late round matches, in numbers approximating their demographic representation (e.g. gender, race) in the qualified pool of applicants available for such matches.
