- **OPTION 2:** Enter TWO Divisions of ONE USTA National Level 3 Tournament

Players may PLAY in only ONE division of ONE tournament.

OPTION 1: ONE Division of TWO Concurrent Tournaments

- A player seeking to enter two concurrent USTA National Level 3 Tournament **must get permission** to enter as set forth in USTA Regulation IV.C.12. This requires a player to request and receive the written permission of both Tournament Committees for the concurrent entry by the time entries close.
- Tournament Committees shall be required to grant permission for concurrent entry when a request is made; however these requests are required - a Tournament Committee may not post a blanket permission for concurrent entry.
- Tournament Committees will publish the selection and alternate lists no later than 2 days after entries close.
- A player accepted into both tournaments shall be required to notify the tournaments no later than 5 days after entries close as to which tournament they will be playing and the player shall be refunded their entry fee (but not the TennisLink administrative fee). Failure to withdraw by the deadline absolves the tournament from which

the player is withdrawing from their obligation to refund the entry fee and will result in the assessment of 4 suspension points for withdrawing for reason other than injury, illness, or personal circumstance.

- As a courtesy, a player that is accepted into one tournament and not the other(s) should remove themselves from the alternate list of the other tournament(s) no later than 5 days after entries close. Failure to do so will not result in a penalty.
- If a player has not been accepted into any tournament, they may remain on the alternate lists of all tournaments, but upon acceptance into one, they may not withdraw from that tournament to play in another.
- Under no circumstances may a player after being accepted into one concurrent tournament withdraw and play in another. Doing so shall result in the assessment of 4 suspension points for withdrawing for reason other than injury, illness, or personal circumstance.

Option 2 Procedure: TWO Divisions of ONE Tournament

- When a USTA National Level 3 Tournament includes more than one age division, a player may enter up to two age divisions of that tournament.
- The Tournament Committee shall select players who have entered two divisions in descending age division order: 18; 16; 14; and 12. If a player is entered in two age divisions of a USTA National Level 3 Tournament and is selected into the older division, that player shall not be eligible for selection into the younger division, even if there are openings in the draw at the time of selection or thereafter. If a player is not selected for the older division, that player is eligible for selection in the younger division and is eligible to be an alternate in the younger division but not in the older division.

Glossary

8-Game Pro Set. A pro set is a scoring system consisting of one set only in which the first player to eight games wins the match. This format is used in many doubles events at national junior tournaments with a 7-Point Tiebreak played if the score reaches 8 games all.

10-Point Match Tiebreak. The 10-Point Match Tiebreak is played in some matches in lieu of the deciding final set. The first player or team to win 10 points by a margin of at least 2 wins the final set 1-0 and the match.

Additional USTA National Tournaments. These are additional tournaments sanctioned by the USTA Junior Competition Committee that count for national ranking. The Easter Bowl in the 16, 14, and 12 divisions and the Warm Up Tournaments are part of this category.

Alphabetical Seeding. In some cases the Tournament Committee may group seeded players together and assign each of them the same seed (for example, in the group 5-8, each player in the group would be assigned the fifth seed).

Alternate. An alternate is a player who did not make it into the draw but requests that the tournament consider the player for entry into the draw if an opening in the draw develops.

Alternate List. The alternate list is a list of players not accepted into a tournament. After entries close, the Tournament Committee will typically publish an ordered alternate list showing the order in which the alternates will be accepted if there is a withdrawal.

Back Draw. This term is commonly used to describe the consolation part of a Feed-In Championship draw.

Bonus Points. Bonus points are additional ranking points that are awarded for wins over highly ranked players.

Combined Ranking. A combined ranking is a ranking that is based on both singles and doubles Ranking Points.

Compass Draw. This is a non-elimination format that is so named because players advance in four to eight different directions depending upon when they lose their first match and when they lose their subsequent matches.

Computerized List Method of Seeding. This seeding method is based on a computerized system of rankings or standings.

Consolation Draw. A consolation draw describes a group of different types of draws in which losers in the main draw play an additional match or matches against other players who have lost a match in the main draw.

Direct Acceptance List. This is a list of the standings of the top players that is used to determine which junior players are automatically selected for the USTA National Championships.

Division. Division refers to one or two events in a tournament in which the eligibility criteria are identical. For example, the Girls' 16 Singles and Girls' 16 Doubles are two events but only one division because their eligibility criteria are identical.

Endorsement. Endorsement refers to the process used by Sectional Associations to list their players in the order in which they want the players accepted into tournaments such as the USTA National Championships, Intersectionals, and Zonals.

Feed-In Championship (FIC). This term refers to a special form of consolation draw in which the losers from the main draw are fed back into another draw against players who lost in earlier rounds of the tournament. There are two types of Feed-In Championships played at national junior tournaments. An FIC that feeds players in through the Quarterfinals, and an FIC that feeds players in through the Round of 16.

Gold Ball Event. This refers to the highest level of national competition at which USTA Gold, Silver, and Bronze Balls are awarded.

Intersectionals. These are team tournaments held in the 16 and 18 Divisions. Teams compete against teams

from the other Sectional Associations. In the 18 divisions, these competitions are now known as the USTA Boys' 18 National Team Championships and the Girls' 18 National Team Championships.

ITF Rules of Tennis. The ITF Rules of Tennis are the rules for the sport of tennis. They are made by the International Tennis Federation (ITF). The USTA, as a member of the ITF, has agreed that the ITF Rules of Tennis apply to all USTA sanctioned tournaments.

ITF Tournaments on the National Junior Tournament Schedule. The ITF Tournaments on the National Junior Tournament Schedule are tournaments jointly sanctioned by the ITF and USTA that are placed on the National Junior Tournament Schedule. These tournaments are played under ITF tournament regulations.

Late Entry. A late entry is one that is received after the entry deadline. The Tournament Committee determines whether late entries will be accepted. In tournaments with limited draw sizes, late entries are placed on the alternate list after timely entries in the order received. Late entries received at the same time are ordered by lot.

Main Draw. The main draw is that part of a draw in which the remaining players have not yet lost a match.

Match Format. The match format refers to the scoring format used by a tournament.

Modified Feed-In Championship (MFIC). This term refers to a special form of consolation draw in which the losers from the main draw are fed back into more than one draw. One form of a MFIC is played at the USTA National Indoor Championships that takes the losers of the rounds of 64 and 32 and feeds them into one separate draw, and takes the losers of the round of 16 and the quarterfinals and feeds them into another separate draw.

National Ranking Tournaments. These are the tournaments that are used for national junior rankings. A list of the tournaments is found in **Regulation IV.D**.

National Standings List. This is a monthly standings list of junior players in each age division used for selection and seeding.

Personal Circumstance. A bona fide reason other than illness or injury for not playing is a personal circumstance. Personal circumstance generally describes a situation in which a player has a serious or genuine reason for not playing. A Referee should give a player the benefit of the doubt when deciding whether the reason is bona fide. The inability of a junior to play because an adult who is not the junior's parent or coach decides to go home is a personal circumstance. On the other hand, wanting to get home to play in another sporting event or for the convenience of the junior or an adult who is the player's parent or coach is not a personal circumstance.

Place Playoff. A place playoff is a match that is played to determine a player's final place in the tournament such as a third place playoff or a seventh place playoff in a Feed-In Championships.

Points Per Round. Points Per Round are the ranking points that are awarded in a Points Per Round Ranking System.

Points Per Round Ranking System. This is a method of ranking players or teams that is based on earning ranking points for the round reached, and in some cases, for wins over highly ranked players or teams.

Sectional Endorser. Each Sectional Association lists its junior players in the order in which the Sectional Association has decided that the players should receive entry into the USTA National Championships and some USTA Team Championships. The person who prepares this list for the Sectional Association is the Sectional Endorser.

Sectional Ranking Tournaments. These are sectional tournaments that count for junior national ranking. Each Sectional Association may designate 8 junior tournaments within its section that will count toward national ranking.

Seeding Groups. Seeding groups refer to 1,2, 3-4, 5-8, 9-16, and 17-32 seeds.
