USTA LEAGUE

MAJOR REGULATION CHANGES FOR 2025

1. 2.01C(4)a: The USTA Section Association has the option of filing a grievance if a full team retirement or combination of defaults occurs. If the grievance is upheld, the match may be declared invalid and shall be scored following the local/sectional regulations. The Section and below may impose further penalties on the defaulting and/or retiring team. Such penalties must follow the League Suspension System (See Regulation 3.03A(7) and 3.03D(4)).
2. All National Championship advancing Mixed League divisions will enforce the NTRP Dynamic Disqualification procedures in accordance with the USTA League Regulation 2.04.

EASTERN MAJOR REGULATION CHANGES FOR 2025

A.17 USTA EASTERN: If two teams are scheduled for the same championships and share more than 5 Rostered players only one team may advance. The teams must choose which team will advance, and the other team must concede their championship spot to the second-place team. If the two teams have different captains and cannot agree which team will advance, the determination will be done via a coin flip by USTA Eastern Adult League staff. The league coordinator shall be notified no later than 24 hours following the conclusion of the deciding match. Exception for 2025 18&Over Mixed League: The limit will be 7 players for this league ONLY.

B.5. USTA EASTERN: Any matches that impact standings must be valid matches. If a team cannot field a enough players to field a valid match, only the court(s) necessary to make the match valid will be rescheduled. All remaining court(s) will be scored as defaults. The team receiving the default(s) selects the remaining court(s) to be played. In order for a team to advance to post-season play, at least ONE court of each match MUST be played on the scheduled date of the match (unless due to weather).

B.25. USTA EASTERN: The actions to be taken in the event of an invalid team match will be determined on a case-by-case basis by the designated Championship Committee at each sectional event and by the designated Championship Committee for championships below the Section Level. Teams creating an invalid match at championships will be subject to grievance and subsequent penalty.

B.30. USTA EASTERN: A team that defaults any courts without just cause at any level of Championships will be subject to grievance and subsequent penalty. Additionally, if an invalid match is created, the team may be penalized to the extent that all matches at that Championship level will be considered null and void if it affects championship standings for the team receiving the default as determined by the Tournament Committee; the team members may not be allowed to participate in league play the following league year.

THE USE OF THE NATIONAL TENNIS RATING PROGRAM AND NTRP COMPUTER RATINGS IN THE USTA LEAGUE

The National Tennis Rating Program (NTRP) is the official system for determining the levels of competition for the USTA League. The USTA NTRP Computer Rating System assigns ratings based on play in the local league and at championships and select NTRP tournaments.

The National Tennis Rating Program (NTRP) Guidelines define the characteristics of the various NTRP skill levels.

1. The USTA NTRP Computer Rating System is the official system to determine computer ratings for players throughout the country who participate in the USTA League. It is a mathematical system that assigns computer ratings to players by direct and indirect comparison of match results obtained from the USTA League and select NTRP tournaments.
2. A valid NTRP rating level is in effect for two years for individuals 60 years of age or older prior to, or during, the League Year and for three years for individuals 59 years of age or under, or until another valid NTRP rating level is generated. (See *Valid NTRP Computer Ratings Table*)
3. Players with a valid NTRP rating level must enter at that level or higher. (See *Valid NTRP Computer Ratings Table*)
4. Players in the USTA League without a valid computer rating must self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines*. Factors such as a player's on-court performance, tennis background, and any additional information should be considered in the self-rating decision. When players are rating themselves, if they question at which level they should play, they should place themselves in the higher NTRP level of play.

Note: Players who are good athletes or intend to spend a great deal of time taking lessons and practicing should be aware that their improvement may be significant enough to surpass their original self-rating during the local league season or championship play. To avoid NTRP Dynamic Disqualification, these players should enter at a higher NTRP level of play at the beginning of the local league season.

In the USTA League Adult **and Mixed National Championship Advancing Divisions**, dynamic ratings will be calculated at regular intervals for all participants during local league competition, at the end of the local league season, and either during, or at the end of, District/Area through Sectional Championships.

5. At the USTA League Adult **and Mixed** National Championships, players will continue to generate dynamic ratings through their last match played, but there will be no NTRP Dynamic Disqualifications at National Championships.
6. After the USTA League Adult **and Mixed** National Championships, year-end NTRP published levels will be calculated using USTA NTRP Computer Rating System Procedures.
7. In the USTA League Mixed Division, an NTRP level will be calculated for participants who play in that Division exclusively. Year-end ratings will be based on the final dynamic rating generated from local league and championship level competition unless the player has a valid Computer (C) rating from a previous year.

1.04F(1)a Rating levels are derived in accordance with the USTA NTRP Computer Rating System Procedures. Once a player is assigned a valid Computer (C) NTRP rating level, it is valid for the Adult and Mixed Divisions for all players 59 years of age or under for three consecutive years or until another NTRP published rating level is generated. For players 60 years of age or over, a valid Computer (C) NTRP rating level is valid to play in the Adult and Mixed Divisions for two consecutive years or until another NTRP published rating level is generated. (See *Reg.1.04F(1)b* and *c* and *Valid NTRP Computer Ratings Table*).

1.04F(1)b Mixed results will not be part of generating a player's year-end rating, except for those players who participate in the Mixed Division exclusively. A player who plays in the Mixed Division exclusively will receive a published Mixed Exclusive (M) or Automatic Appeal–Mixed (A) rating level at year-end unless they have a valid Computer (C) rating level from a previous year on file in TennisLink. A published (M) rating level is valid to play in the Mixed Division exclusively and will be in effect for players 59 years of age or under for three consecutive years and for players 60 years or older for two consecutive years or until another published NTRP rating level is generated.

A player who plays exclusively in the Mixed Division and subsequently chooses to participate in the Adult Division must enter by using a valid Computer (C) rating from a previous year, or a valid Self (S) rating. If a player has a valid Self (S) rating, at the time of registration for the Adult Division the player will be assigned an (S) rating at the level reflecting the higher of their (S), (M) or (A) rating. If such player does not have a valid (C) rating from a previous year, or a valid Self (S) rating, he or she must self-rate with the minimum NTRP rating level being the higher of the self-rate, valid Mixed Exclusive (M), or Automatic Appeal–Mixed (A) rating.

1.04F(1)c A player who plays exclusively in NTRP tournaments and subsequently chooses to participate in the Adult Division must enter that Division by using a valid Computer (C) rating from a previous year or a valid Self (S) rating. If a player has a valid Self (S) rating, at the time of registration for the Adult Division the player will be assigned an (S) rating at the level reflecting the higher of their (S), (T) or (A) rating. If such player does not have a valid (C) rating from a previous year, or a valid Self (S) rating, he or she must self-rate with the minimum rating being the higher of the self-rating, valid Tournament Exclusive (T), or Automatic Appeal–Tournament (A) rating.

1.04F(1)d Players who do not have a valid NTRP rating level on file in TennisLink shall self-rate in accordance with the General & Experienced Player Guidelines – Supplement to the NTRP Guidelines and complete the self-rating process on TennisLink when registering for a team. Players who allow someone else to complete the self-rating process for them will be ultimately responsible and held accountable for information submitted or omitted. Failure to self-rate in accordance with the *Guidelines*, or omission of information regarding a player's tennis history, will subject the player as well as the captain and/or others who completed, assisted, condoned and/or approved an inappropriate self-rating to penalties under the League Suspension Point System. Players whose self-ratings are determined to be inaccurate or inappropriate shall be disqualified. (See *Reg. 3.03E(1)a*).

1.04F(1)e Self-ratings are valid for two years from the date issued or until replaced by a dynamic or computer rating. If there is a change in their playing experience the player may appeal their rating up at that time or they may be promoted by the Sectional coordinator.

1.04F(1)f TennisLink will automatically remove expired computer and self-ratings thereby allowing individuals to self-rate. Players with expired ratings will not be allowed to self-rate at a lower level than their last valid NTRP rating level. However, when assigned an NTRP rating level by TennisLink, the player will have the opportunity to file a Self-Rate Appeal.

1.04F(1)g Each Sectional Association shall designate a committee to handle Self-Rate Appeals for those who appeal their assigned self-rating level. This committee may be the same, in whole or part, as the Sectional League Grievance Committee that handles NTRP Grievances. Players who appeal their rating and anyone acting on their behalf will abide by the Self-Rate Appeals Committee's decision without further right to appeal same, except that the Committee may reconsider its decision in the event there has been a clear factual error made by the Committee. Players granted an appeal of their self-rating may be subject to NTRP Grievance based only on newly discovered or missing information not previously considered. (See *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines*.)

A.13. USTA EASTERN: The NTRP Self-Rate Appeals Committee, in conjunction with the Section League Coordinator, will be responsible for processing Self-Rate appeals.

1.04F(1)h Valid NTRP Computer Ratings: See *Valid NTRP Computer Ratings Table*.

1.04G Player Participation Eligibility.

1.04G(1) League players may play in the USTA League Adult and Mixed Divisions during the same local league season.

1.04G(2) A player may play on only one team in an NTRP level within an Age Group in the same local league during the same season. In local leagues where NTRP levels are divided into flights, a player may not play in more than one flight.

1.04G(3) A player may play on more than one team in an NTRP level within an Age Group in the same season provided it is in separate local leagues. The Section has the authority to accept or deny participation.

1.04G(4) A Section may authorize participation in more than one NTRP level within an Age Group in the same local league during the same season.

A.14. USTA EASTERN: Playing on Multiple teams - A player shall play on only one team per age group, per NTRP level, per local league season within any local area. A player shall not play on teams having the potential to play each other during the same local season.

1.04G(5) A player may play up to one NTRP level higher than the player's current NTRP level.

A.15. USTA EASTERN: Playing in Multiple Divisions - Team members may play in more than one NTRP level within a Division (Adult or Mixed) or League providing it is a higher level than their rated level and is no more than one level above their rating. The team must keep within the local guidelines regarding the percentage of players at level.

1.04G(6) A player who qualifies to advance to championships on more than one team may be required by the Section to choose which team he or she will represent.

A.16. USTA EASTERN: Player Declaration Prior to Championship Play - Players who play on two or more teams at the same NTRP level and age group in the Eastern Section must declare which team they will represent prior to the start of any local, regional or sectional championship should more than one team qualify to advance. This declaration is done by playing in a championship match, once a player plays in any championship match, they are bound to that team until that team is eliminated. If a player declares for a team and that team is eliminated from championship play, after the completion of that championship, the player is eligible to re-select and play for any other team, in any local, regional or sectional championship that has not started, as long as they meet eligibility requirements for that team, regardless of region.

Exception – If a team wins a 2025 Early Start League Local Championship and a player played in the Local Championship, the player may choose to represent another team from another local league that started after January 1, 2025 in the same region. Prior to the start of Regional Championships in that region, the player will have to declare which team they will represent in the Regional Championships. If the player plays in a second Local Championship, the player must select one of the teams for which they played in the Local Championships. Players will not be allowed to play in a championship match for a team from another region, until all teams for which the player played in a local championship match have been eliminated.

A.17 USTA EASTERN: If two teams are scheduled for the same championships and share more than 5 Rostered players only one team may advance. The teams must choose which team will advance, and the other team must concede their championship spot to the second-place team. If the two teams have different captains and cannot agree which team will advance, the determination will be done via a coin flip by USTA Eastern Adult League staff. The league coordinator shall be notified no later than 24 hours following the conclusion of the deciding match. **Exception for 2025 18&Over Mixed League:** The limit will be 7 players for this league ONLY.

1.04G(7) At any National Championship, if a player qualifies for two or more teams at the same NTRP level for an event, the individual must declare which team he/she will represent. In the absence of a declaration, the first match played will determine which team he/she will represent.

1.04G(8) A player may participate in only one individual match within each team match.

1.04G(9) A player who participates in the USTA League in violation of any provision of Section 1.04G *Player Participation Eligibility*, shall be subject to an Eligibility Grievance as defined in Section 3.02D *Eligibility Grievance*.

1.05 Official Ball. In USTA League matches, a standard Type 2 USTA approved ball shall be used. The use of any USTA "transition" ball is prohibited.

2.00 USTA LEAGUES REGULATIONS / Q&A INTERPRETATIONS.

2.01B Men, Women and Mixed Doubles. Men's and women's leagues shall be separate at each approved NTRP level in the Adult Division. Leagues in the Mixed Division are comprised of a man and a woman who combine to play in each individual match. The local league shall determine which of these approved NTRP levels in Reg. 2.01A(4) shall be available for men, women and mixed genders in local league competition.

2.01C Competition Format.

2.01C(1) Full Round Robin. Each NTRP level within a local league may play at least one full round robin competition wherein every team plays every other team. When any NTRP level consists of only two teams, each team is required to play a minimum of three team matches, which is a triple round robin. When any NTRP level consists of only three teams, each team is required to play a minimum of four team matches, which is a double full round robin. Any NTRP level may be divided into flights and each team shall play every other team in its flight. The flight winners may enter a playoff structure to establish a local league champion for that NTRP level.

B.2. USTA EASTERN: All teams must play a minimum of six matches to be eligible for Championships. (Excludes 55&Over Mixed and 65&over leagues). Under special circumstances the **Section League Coordinator** can authorize a reduction in the number of required matches.

2.01C(1)a Each Sectional Association may permit additional matches, selected randomly, within a flight.

2.01C(1)b Each Sectional Association may permit additional cross-flight matches in which each team in one flight plays an equal number of matches in the other flight, selected randomly if not a full round robin.

2.01C(1)c Each Sectional Association may permit the top teams in a flight to play an additional round robin to determine advancement, and the teams without a mathematical chance to advance may play an additional round robin.

B.3. USTA EASTERN: Local leagues may choose to utilize any of the options in 2.01C(1).

2.01C(2) Partial Round Robin. Each NTRP level within a local league may play a partial round robin competition wherein every team plays the same number of matches against randomly selected opponents. A minimum of the top two teams shall progress to a single elimination playoff to establish a local league champion for that NTRP level.

2.01C(3) Team Match. Each team match in a local league shall consist of such number of individual matches of singles, doubles, or any combination thereof as determined by the local league. Each team must have the minimum number of players available to play the majority of individual matches. If one team does not have the minimum number of players, the opposing team will be credited with a total team default, and will win each individual match 6-0 6-0. If neither team has the required minimum number of players, the match shall be scored as a double team default, and neither team will receive credit for a win. In the case of a team default or double team default any individual matches actually played will count only for NTRP ratings and eligibility for advancement and cannot count for determining standings.

B.4. USTA EASTERN: It is the responsibility of both captains, or their designees, to contact each other at least 48 hours in advance to verify the time and place of a scheduled match and to make certain that a complete team will be fielded. It is the responsibility of the home captain to inform the visiting captain of any dress code required by the host site.

If both teams have the minimum number of players available to play, but the combination of individual defaults by the two teams would result in the majority of matches not being played, the teams must follow the procedure(s) established by the Sectional Association, to ensure that a majority of individual matches are played.

Each Sectional Association shall establish procedures to determine the 1) flight standings in the event of a team default or double team default and 2) actions to take when the combination of individual defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches are not played. If no such procedures have been established, the match will result in a double team default.

B.5. USTA EASTERN: Any matches that impact standings must be valid matches. If a team cannot field a enough players to field a valid match, only the court(s) necessary to make the match valid will be rescheduled. All remaining court(s) will be scored as defaults. The team receiving the default(s) selects the remaining court(s) to be played. In order for a team to advance to post-season play, at least ONE court of each match MUST be played on the scheduled date of the match (unless due to weather).

B.6. USTA EASTERN: If defaults are made by both teams resulting in an invalid match, as many courts as possible should be played at the scheduled time. Players should play in their assigned spots if both teams players are available. Since both teams defaulted courts, all unplayed courts should be rescheduled. In this situation, do not exchange scorecards until the scheduled start time of the match. Players not present at that time must be listed in the lowest singles and/or doubles positions in an attempt to play as many courts as possible.

2.01C(4) Match Scoring and Formats. It is recommended that all matches be the best of three tiebreak sets with a match tiebreak in lieu of a third set. The match tiebreak shall be scored as one set and one game for tiebreak purposes. For play at or below the Sectional level, the Sectional Association may authorize the use of other USTA approved scoring methods and other scoring methods that are compatible with the USTA NTRP Computer Rating System. Other match formats include: best of three tiebreak sets with a set tiebreak at 6-all, pro-set matches, a single set with a set or match tiebreak at 6-all and timed matches. No-Ad scoring can be used with any of the scoring methods.

The method of awarding points in order to determine the winning team of a local league team match and the winner of the local league competition may be the same as that used in championship competition or may be another method compatible with the USTA NTRP Computer Rating System selected by the local league. (See *Reg. 2.03D Competition Format* and *Reg. 2.03E Team Match and Scoring* for championship competition.) The scoring in the event of a default or disqualification shall be 6-0, 6-0. Retirements shall be scored as described in *Reg. 2.03N Scoring of Retirements*.

2.01C(4)a Scoring of Retirements Below Championship Play. A retirement occurs when an individual match has started and a player/doubles team is unable to continue due to injury, loss of condition, emergency, or refusal to play. If a full team retirement or combination of defaults and retirements occurs, a grievance may be filed. If the grievance is upheld, the match may be declared invalid and shall be scored following the local/sectional regulations. The Section and below may impose further penalties on the defaulting and/or retiring team. Such penalties must follow the League Suspension System (See Regulation 3.03A(7) and 3.03D(4)).

B.7. USTA EASTERN: All tiebreaks will utilize the COMAN tiebreak. Play must be continuous throughout the match, including during tie-breaks. A 2-minute break is allowed following each set.

B.8. USTA EASTERN: The section delegates to the local league coordinator to select an approved scoring system to decide the winner of a local league team match and the procedure to determine the winner of the local league.

B.9. USTA EASTERN: Unless a waiver is granted by the Adult League Committee, the match format for all local, area, district, and regional matches will be best 2 out of 3 sets with a match tie break in lieu of a 3rd set.

2.01C(5) Individual Match. An individual match is defined as any singles match or any doubles match played as part of a team match.

B.10. USTA EASTERN: In the event of rain or stoppage of play due to circumstances beyond the control of the players during championship/local play if not specified in the local rules: 1. Completed individual matches will stand as played. 2. An incomplete match shall be continued by the same players and resumed at the exact point where it was discontinued - set, game, point - when play was halted. (Any point played is always counted and never replayed.) If players (s) are unavailable to continue the match on the rescheduled time or date then the individual match will be scored as either a retirement in favor of the team whose players are available or a double default if both teams are missing a player. 3. All matches should be rescheduled and played as a team, if possible. 4. If teams have assembled to play and the beginning of the match is delayed by rain or wet courts or other circumstances beyond the control of the players, teams must wait no longer than one hour past the original time for the start of the first match to determine whether or not courts are playable. If the courts are not playable after 1 hour, teams are free to leave and reschedule the match, unless both teams agree to wait longer.

2.01C(6) Team Line-Ups. The team captain for each team shall exchange their team line-up simultaneously prior to the beginning of the team match. No substitution may be made in an individual match after the line-up has been presented, except for injury to, illness of, or disqualification of a player prior to the start of such match and except under such further circumstances as a Sectional Association may authorize. If the substitution is made during the warm-up, the substitute player is entitled to a five minute warm-up. The default principles in *Reg. 2.03K Team Defaults* and *2.03L Scoring of Team Defaults* shall be applicable.

B.11. USTA EASTERN: Teams are encouraged to field their players for each team match in order of strength. Local regulations may utilize a point system for scorekeeping.

B.12. USTA EASTERN: Each team must have a captain or acting captain, familiar with local league rules, present at every match. The captains, or their designees, must fill out the scorecard, exchange the cards simultaneously prior to the match start time (even if all players are not yet present**), record the scores as each match finishes.

B.13. USTA EASTERN: Local Matches -There is a fifteen-minute default rule (inclusive of warm up time) in effect for all local matches. Warm up time is limited to 5 minutes when a player arrives on court after the scheduled start time for the match. In cases of extenuating circumstances a Local League Coordinator may extend the default time. These circumstances would include, but are not limited to, extreme weather travel conditions, such as snowstorms, bridge or tunnel closings, fires, tornadoes and major street closings.

B.14. USTA EASTERN: After lineups have been exchanged, team captains are allowed to make changes or substitutions in individual matches for the following reasons only: injury to, illness of, disqualification or no-show of a player prior to the start of such match. No other player changes are allowed on that scorecard for matches played on that day.

B.15. USTA EASTERN: ** (Except for Adult Tri-Level programs) defaults must occur from the bottom up. If a doubles player is missing, the line-up must be adjusted and that team placed in the 3rd doubles position. The 2nd and 3rd doubles teams (as designated on the scorecard exchanged) for the team with the missing player must then be moved up 1 position e.g. if the first doubles team is missing a player those players must be placed in third doubles and the 2nd doubles team moved up to first and the 3rd doubles team moved up to 2nd. No other changes in either team's line-up are allowed. Similarly, a missing singles player must be placed in the 2nd singles position. Third doubles and/or 2nd singles must be the first courts defaulted. If the 10 minute warmup time is over and all players are not present, the effected matches shall not start until the 15 minute default time has expired and above rule is implemented.

Playing less than 3 courts (or 2 courts for Adult 2.5, 5.0, 55 & Over, 65 & Over, Tri-level, or Mixed) constitutes an invalid match. Any team that creates an invalid match must play at least one court as scheduled in order to be eligible for advancement to post-season play. A team that forfeits enough courts to create an invalid match without just cause may be penalized to the extent that all matches for the season will be considered null and void when determining team standings if it affects final flight standings for the team receiving the default; the team members may not be allowed to participate in league play the following season. The Local League Coordinator has final discretion in rescheduling of matches.

2.01D Coaching. When the scoring method is the best of three tiebreak sets and a 10 minute rest period is taken between the second and third sets, coaching is permitted only during this rest period.

2.02 PROGRESSION / Q&A INTERPRETATIONS.

Local league coordinators determine how many teams will progress to a local league championship and regional championship, if any. All championship formats must be approved by USTA Eastern Adult League Committee. Winners of local league championships progress to regional championships. Each of the 6 regions will hold a regional Championship to determine which teams will advance to the Sectional Championships.
