

ELIGIBILITY RULES AND GUIDELINES

USTA Tennis On Campus was designed to increase recreational tennis participation and provide socially-competitive coed team play for students on college campuses. While we try to be inclusive to ensure maximum participation, we also recognize the impact that former varsity players can have at our championship events which can greatly affect our intent. We have made some rules and guidelines which limit former varsity player involvement and you should read the following guidelines to avoid penalty or sanctions against your team.

If the correct answer to any of the questions below is **YES**, you are **INELIGIBLE** for the 2016-2017 academic year for the following USTA Tennis On Campus Events & Championships:

Transgender Athlete Participation Policy:

The NIRSA Championship Series expects participation to be based on one's self-identified gender and that it is done in good faith and is consistent with a player's expressed gender identity.

A participant's gender identity will be applied when there are gender specific rules or player ratio requirements for co-rec divisions.

- o Transgender individuals may play on the team that best matches their gender identity.
 - o The campus official who approves the team entry on the roster/player certification form should verify the gender indicated on the form is based on the participant's self-identification and expressed gender identity, not purely on the sex indicated in official school records.
 - o Player eligibility will be based on the gender identified on the official team roster.
 - o NIRSA recognizes that, for many, coming to know one's gender identity is not something that happens in an instant; it is a complex process that can occur over an extended period of time. Transgender participants are encouraged to communicate their gender identity with the campus official who is responsible for approving the team entry on the roster/player certification form prior to the tournament registration deadline. Should the player not feel comfortable working with that campus official, the individual can contact the tournament director or the NIRSA Director for National Sport Programs and inform them of their status at least three business days prior to the tournament
- Individuals who identify as a woman are eligible to play on women's and co-rec teams; individuals who identify as a man are eligible to play on men's and co-rec teams. Transgender participants are eligible to play based on their expressed gender identity so long as they comply with all Player Eligibility Guidelines..
