

## RETURN TO PLAY RECOMMENDATIONS

### USTA ADAPTIVE TENNIS

Updated July 16, 2020

The United States Tennis Association (USTA) recognizes that the COVID-19 pandemic has been affecting different parts of the country in different ways and with different timing. Therefore, we believe safely returning to play will be possible in some cities and states sooner than in others. Before doing so, please review federal, state and local guidelines to make informed decisions as to when play can recommence.

In addition to the Playing Tennis Safely recommendations for players, facilities, and programming issued by the USTA on April 22, 2020, available on [tennisindustryunited.com](http://tennisindustryunited.com), here are some additional recommendations to consider when hosting a USTA Adaptive Tennis Event/Program.
