#### C. TENNIS LINK, LEAGUE SCHEDULE AND SCORING

1. Tennis Link is the official system for player registration, reporting scores and providing standings for the USTA League Tennis Program.
2. If a USTA League age group consists of only two (2) teams in a level of play, each team must maintain its roster with at least 40 percent of its players at the designated NTRP level of play. The exception is the Adult 55 & Over league type that uses combined NTRP rating levels and will not be required to comply with this 1.04D(5) USTA League Regulation.
3. The League schedule will be published in Tennis Link only after the minimum number of players for each team has been registered. Therefore, the league could not start until each team has the minimum number of players registered in Tennis Link
  - Adult 18 and over and 40 and over teams will exchange line ups at 6:00 PM and start at 6:15 PM
  - Adult 55 and over teams will exchange line ups at 9:30 AM and start at 9:45 AM.
  - Other match start times will be posted on the schedule.
4. USTA League Tennis match scores must be reported by team captains, co-captains or designated players within 48 hours of the completion of a match. A representative from BOTH teams either enters or confirms (whomever gets into the site first) the scores within 48 hours of match completion. Match reports will be run daily for Dynamic Rating computation
5. Any discrepancies found after the scores have been entered must be emailed along with the match # to the opposing team captain AND the liaison or coordinator of that league. Upon agreement by BOTH captains, the discrepancies will be corrected.
6. Scores not confirmed within the 48-hour time line will be considered confirmed.
7. Full team defaults are not allowed. If a team defaults an entire team match, the opposing captain will contact the Local League Coordinator immediately about the full team default. (In a 3 court league at least 2 courts must be played; in a 5 court league at least 3 courts must play.)

#### D. COMPETITION FORMAT

1. All matches shall be the best of three tiebreak sets with a match tiebreak in lieu of a third set.
2. The match tiebreak shall be scored as 1-set and 1-game for tiebreak purposes.
3. Coman format shall be used for both the Set tiebreak and the Match tiebreak
4. Re-scheduled matches must be completed within the scheduled season or be cancelled.
5. Pre-scheduled matches: If team captains know in advance that they will be short-handed for a particular match, they may by mutual agreement schedule an individual court or entire team match to an earlier date/time. BUT, this match must occur either before or on the scheduled match date. No individual matches (except rainouts) will be allowed beyond the scheduled match date
6. Defaults are to be taken at the lowest position
7. If injury occurs during a warm-up, a substitute player may be brought in because the start of the match is defined as the first point played. The substituted player must be on the court immediately and is entitled to a five minute warm-up.

#### E. RAIN-OUT AND RE-SCHEDULED MATCHES

1. In the event of inclement weather that prevents the start of a league match at its scheduled time, the match is postponed and should be completed within the league season. The re-scheduled date determined by mutual agreement of the team captains.
2. If a team captain knows she or he will be unavailable for a particular match date, they should contact the other team captain before the match and advise of an alternate captain (usually a team player) to contact in their absence in the event of a rainout problem.
3. In the event the scheduled team match was started and in progress when interrupted by inclement weather, all points stand as played. All players agree on the score prior to leaving the court. The match shall be completed within a two week period. If neither captain can agree on a rescheduled date, they must contact the Local League Coordinator to determine play schedule.
4. If one or more of the team matches has started, the rescheduled match must be played with the same players for all matches, even though some matches may not have started. Any defaults must stand.
5. If no matches have started, the line-up may be changed for the rematch and prior defaults are not binding.
6. All rescheduled and/or unfinished matches MUST be reported to the Local League Coordinator.
7. HOME team has the final decision on where the match will be played.
8. Players are responsible for all costs incurred if the decision is made to continue the match indoors.
9. All schedules presented for approval should include 2 (each team) make-up or rained out dates. This is to avoid deletion of scheduled matches. Captains should schedule these make-up dates and make sure they can field a team on those dates as well.

#### F. LOCAL LEAGUE CHAMPION DETERMINATION

1. Local League Champion will be determined by the most teams wins at the end of the season. The winner will advance to the State Championship.
2. No ties will stand. Ties will be broken using the method described in the 2024 USTA League Regulations (See Reg. 2.03H)
3. The league Captain will advise the Local League Coordinator by noon on the day following the final match as to whether or not the winning team will be able to field a team to advance to the State Championship.
