3/24/15	<b>What is the procedure a DLC must follow when an ineligible player has played in a match?</b>	The DLC must use the player DQ function in TennisLink and make the player ineligible (as well as DQ the player; both boxes must be checked) for that particular match.
4/9/11	<b>1.04D(4)a, 1.04D(6)a and Tri-Level Section 2 b</b>  What happens if a player registers on a team roster after the local league roster deadline has passed?	The player must be removed from the team since he/she was ineligible and any match(es) played will be defaulted to the opposing team.
revised 5/7/15	Two Team Leagues: <b>1.04D(5) 40% Rule for Adult 18 &amp; Over and Adult 40 &amp; Over.</b>  If a lower NTRP level player registers right before match play and makes the team with less than 40% of in level players, is it considered an illegal team and the whole match is defaulted? 1. Prior to each time a match is played, the captains must validate that they meet the 40% minimum in level for players rostered on a team. 2. What if your opposing team is illegal with this 40% minimum and you are unaware. Your players matches are defaulted....so the responsibility of reviewing 40% minimum must be for your team and opposing team? 3. Is USTA going to give out any waivers for this rule....those who have small areas. The only automatic waiver I see is if a team went to nationals and WHOLE team moves up. 4. What happens to a team, if their roster does not meet the 40% in level rule during a local league match?	<u>These decisions are from the National USTA League office by email on 3/13/11.</u>  <u>Yes...illegal match with entire match defaulted.</u>  1. Yes  2. Yes  3. No Waiver  4. It is a "Total Team Default". The DLC must follow their local rule on "Total Team Default" or if no rule, follow the USTA Regulation 2.03L  <b>USTA recommends that if a district has a Two Team Adult 18&amp;O and Adult 40&amp;O local league that team registration should be closed before a schedule is made to ensure rule is being followed.</b>
Updated 8/10/19	<b>1.04D(3)b ESL Year End Rating and Playoffs Eligibility?</b>  May an ESL Player who has moved up a level as a result of their Year End Rating, play in the Local League Playoff?	<b>No, (Except for 2.5 players, see national regs., 2.05B(3)c)</b> For early start leagues, a player who receives a year-end rating at a higher NTRP level may complete the local early start league, however, the player is not exempt from dynamic NTRP Disqualification (DQ) procedures at the lower NTRP level if applicable. The player will not be eligible for playoffs/championships at the lower NTRP level. This player must then play at their new year end NTRP level.
4/13/13	<b>ESL and Year End ratings:</b> If a player's rating moves up or down what rating do players use?	2.05B(3)b Players who are found to have valid computer ratings, after the appeal process, that place them above the NTRP level at which they are competing may continue their participation at the lower NTRP level through the conclusion of any Early Start League in progress or until such

		<p>other date as determined by the Section. They shall not be permitted to advance to any championship level. Prior team matches played are valid.</p> <p>Players who are found to have valid computer ratings, after the appeal process, that place them below the NTRP level at which they are competing may continue their participation at the lower NTRP level through the conclusion of any Early Start League in progress or until such other date as determined by the Section. They will be permitted to advance to any championship level. Prior team matches played are valid.</p> <p>Note: Players with lower or higher NTRP levels due to their new year-end rating may be at risk due to the 1.0 NTRP limit difference between partners and/or their inability to combine and compete with other team members.</p>
4/23/12	<p><b>2.03 A(5) Minimum Team Requirement:</b></p> <p>When does a District League Coordinator /Local League Coordinator or Tournament Director stop trying to replace a team who has pulled out of an event/championship?</p>	<p>If a team withdraws from a championship event, the LLC, DLC, or Tournament Director must be notified. The LLC, DLC and TD may replace team up to 48 hours prior to the championship event.</p> <p>If the withdrawal is less than the 48 hours prior to the championship event, no attempt will be made to replace the team.</p> <p>Then if there is a revision to the schedule, a verbal and e-mail exchange must be made with each attending captain to ensure they know of the schedule revision.</p> <p>The USTA/Midwest Section and the Championship is not responsible for any expenses incurred due to a withdrawal of a team.</p>

3/5/15	<p><b>Combo Doubles</b>  Is there a 1.0 difference rule between partners on a Combo team?</p>	<p>No. Combo doubles was set up to embrace the disparity of levels between partners.
