**Adult Play Committee Rule Amendment**

Sections E & F, page 11, have been revised to provide clearer guidelines on the acceptance of the wild card procedure.

**E. If Kansas receives a Section Wildcard in a particular NTRP level, the wildcard position shall be determined as the second-place team between the Indoor and Outdoor seasons with the most teams in the league. Wildcards will not be offered to districts that fielded teams in the level with only two teams. Wildcards will be offered if the requirements of the Missouri Valley regulations are met and confirmed that the team can meet the minimum number of players stated in the USTA regulations.**

**F. Should the Indoor and Outdoor seasons have the same number of teams a District Championship will take place to determine the team that will be offered the Section Wildcard.**

USTA Kansas, Adult Play Committee

A handwritten signature in black ink, appearing to read "G. M. T." or "G. M. T." followed by a date.
