However, if a tournament is a qualifying tournament and is canceled due to rain before the qualifying spots have been determined these spots will be awarded by at-large entry.

Regulation 37: Suspension Point System. The USTA Suspension Point System applies to all junior tournaments sanctioned by the USTA Missouri Valley including the Junior Section Tournaments. It is a player's responsibility to know and understand the suspension point system and his or her status. Every effort is made to notify the player each time a suspension point is assessed. Failure to notify the player does not invalidate any penalties or points assessed.

Regulation 38: Injury, Illness, or Personal Circumstance. If because of illness, injury, or personal circumstance, a player withdraws from the tournament after the draw has been made or decides not to play a match, then the Referee, USTA Missouri Valley Junior Competition Program Manager, or Tournament Committee *may* require the player to provide a document that verifies the illness, injury, or personal circumstance. If the reason for the withdrawal is illness or injury, the player shall deliver written verification of the illness or injury from a medical professional no later than the last scheduled day of the tournament. If the reason for the withdrawal is personal circumstance, the player shall deliver a written description of the situation to the Referee before the last scheduled day of the tournament. The Referee determines whether the situation is a personal circumstance. Failure to provide the required documentation in a timely manner shall result in the match being treated as a default rather than a withdrawal or walkover.

Regulation 39: Defaults in the Supers and Sweet 16s. Any player who is defaulted at the USTA Missouri Valley Supers or USTA Missouri Valley Sweet 16s because of misconduct, unsportsmanlike conduct, failure to follow the instructions of an official, the Point Penalty System, or for any other withdrawal not listed in **MV Regulation 38** shall not be eligible to play in any of the next two Missouri Valley Level 3 or higher events unless the player appeals the default to the Section Grievance Committee within 24 hours (and before the start of the next tournament) and the Section Grievance Committee stays the ineligibility or determines that the issuance of the Default was not warranted. Additionally, the player shall be ineligible for placement on the next endorsement list prepared unless the player appeals the default within 24 hours (and before the list deadline) and the Section Grievance Committee stays the ineligibility or determines that the issuance of the Default was not warranted. This provision does not apply to players defaulted because of lateness for the start or resumption of a match.

(Junior Ranking Regulations)

Regulation 40: Standing Lists. The USTA Missouri Valley publishes a new Standings List weekly for each division. The USTA Points Per Round ranking program generates the combined singles and doubles rankings using the Points Per Round system designated by Tables 3-8. **Only those players who meet the eligibility criteria in MV Regulation 41, appear on the USTA Missouri Valley Standing Lists and only results of tournaments that meet the criteria in MV Regulations 42-44 are included in the USTA Missouri Valley Standings List.** One hundred percent of a player's best five singles points and 15% of the best five doubles points from eligible tournaments played in the preceding twelve months shall be included in the overall point total.

Regulation 41: Eligibility Criteria. A player is eligible for the USTA Missouri Valley Standings list if the player meets the following criteria:

- Player is a USTA member.
- Player meets the age eligibility requirements of the division.
- Player meets the requirements of **MV Regulation 4** during at least part of the preceding twelve months.
- Player has played at least one tournament specified for inclusion by **MV Regulation 42** in the age division in the past 12 months.
- Player has accumulated at least one ranking point in the division from an on-court win. Matches won by virtue of receiving a bye, withdrawal, walkover, default, or disqualification before the start of the match are not considered on-court wins.

Regulation 42: Tournaments for Inclusion. The Sweet 16s, Supers, Futures, Dominant Duo Tournament, 12 Compass Draw Tournament, 12s and 14s Team Event, District Championships and any other tournament designated for points by the district will be included in the USTA Missouri Valley Standing list provided that the event meets the requirements for inclusion.

-

Match formats not included on this list that have received prior section approval are included on the USTA Missouri Valley Standing Lists. (Match formats must sometimes be shortened to complete the tournament.)

Regulation 45: Bonus Points: The USTA Missouri Valley awards bonus points for wins over players ranked in the top 60 at USTA Missouri Valley Level 3, 4, and 5 events. Bonus Points are earned for wins in singles in the main draws, feed-in-championships, consolations, and qualifying draws. However, if a tournament total is not among a player’s best five tournaments, neither the Points per round nor the Bonus Points will count toward the player’s ranking point total.

A Bonus Points Standing List will be published at the beginning of each month and apply to tournaments starting on or after that publication date and before the next publication date. In a subsequent month, the Standings List will change (specifically players in the top 60), but any wins over the previous top 60 will stand as long as the tournament remains one of the player’s best five events.

If a player has a win over an opponent who was not on the top 60 bonus points list published at the beginning of the month, but later the opponent enters the top 60 on the standings list, the player does not receive bonus points. Bonus points will be assigned based on the chart below:

Rank	Bonus Points
Top 10	150 points
11-20	75 points
21-30	35 points
31-40	15 points
41-50	8 points
51-60	4 points

Regulation 46: Correction of Records and Publication of Rankings. Players may view the Standing Lists and their rankings and records at www.missourivalley.usta.com. If a player notices an error, the player should promptly e-mail corrections to the Tournament Director. The USTA Missouri Valley Standings List is run each Tuesday. **For corrections to be considered for the new weekly list, a change must be submitted by 12 noon the day the list is run. If the Tournament Director or USTA Missouri Valley staff is not notified by this deadline, the change will not be considered until the following week's list.** The USTA Missouri Valley shall have no obligation to consider corrections submitted more than 15 days after the list is published. Computer rankings will not be changed unless there is an error in data input or processing.
