A captain committing flagrant misconduct may be prohibited from captaining a USTA League team for a period as determined by the Grievance Committee. Note: A USTA League championship year includes all seasons (Fall, Winter, Spring and Summer) played as qualifying rounds for a specific year's Championships, including play that may begin within the prior year. In New England a Championship Year begins September 1 and ends August 31 following the Sectional Championships. Waivers must be submitted to the Sectional League Coordinator for approval for leagues whose local season ends after August 31.

The local league must apply for a two-team league waiver for each Championship Year. A local league must play at least one round-robin competition wherein every team plays every other team. In two-team and three-team leagues, each team must play a minimum of four team matches. NOTE: Two-team local leagues do not receive funded first-place trophies. If they are to receive trophies, a

- funding method must be determined locally.
- 3.2 A local league may elect to limit the number of players on their team roster. Percentages may not be used.
- 3.3 Each local league determines its specific registration deadlines. Each team may be allowed to add players to its roster during the local league season through the registration deadline. Any team or league intending to participate in a Championship Year must declare their intent and be registered on TennisLink on or before June 1st. Refer to the New England USTA League Championship Year calendar for specific Division deadlines. Each team member must have a valid USTA membership which extends through the end of the local league season. Any player that is added to the team roster must meet all eligibility requirements (a valid NTRP computer rating or self-rating, USTA membership, minimum age) prior to playing in their first USTA League match. Players who do not meet all the eligibility requirements, within the specified deadlines, may be disqualified.
- 3.5 Each local area, subject to the restrictions set by the National and Section Regulations and approved by the Section League Coordinator, determines the length of the local league season. Each local league season's play must be completed at least 14 days prior to its respective District and 30 days before its Sectional Championship event. Exceptions to this rule must be approved by the Section League Coordinator.
- 3.6 *Levels of Play:*

- 3.7 *Player Participation Eligibility: Local Play.*
- 3.7.1 A player may participate in only one individual match within each team match.
- 3.7.2 League players may play in the USTA League Adult and Mixed Divisions during the same local league season.
- 3.7.3 A player may play on only one team in an NTRP level within an Age Group in the same local league during the same season. In local leagues where NTRP levels are divided into flights, a player may not play in more than one flight.
- 3.7.4 A player may play on more than one team in an NTRP level within an Age Group in the same season provided it is in separate local leagues.
- 3.7.5 A player may participate in more than one NTRP level within an Age Group in the same local league during the same season.
- 3.7.6 A player may play up to one NTRP level higher than the player's current NTRP level.
- 3.8 *Player Participation Eligibility: Championships*
- 3.8.1 Each player should inform their captains of their intentions if they are eligible to advance on multiple teams in the same division, age group and NTRP level. In the event of a conflict, and if the player did not inform all parties then the player will advance with the team they registered for first.
- 3.8.2 A player may compete on one team, and one team only, at the same NTRP level in a championship event (Districts or Section) for each Division and Age Group. Championships may be held in more than one location at the same time or on different dates and are considered one championship event.
- 3.8.3 A player may compete on more than one team at multiple NTRP levels, in a championship event (Districts or Section) for each Division and Age Group. A championship event may be held in more than one location at the same time or on different dates and is still considered one Championship.
- 3.8.4 Each team is expected to field all positions for each scheduled championship match. Defaults will be reviewed by the Section League Committee and penalties issued accordingly. Penalties could include loss of captaining, the team may be required to split up or sanctioned from participating in USTA League play in the next Championship Year.
- 3.8.5 From the first level of championship competition, within a Division, Age Group and NTRP level a player is a member of that team. Once their team loses and is therefore not eligible to advance to the next championship level then the player may play for another team for which they are eligible unless 3.8.6 applies.
- 3.8.6 In the event a team competes directly (in the same flight or play off semi/finals) against another team at a championship level that shares common players, the losing common players cannot advance with the winning team, regardless of whether they played in a match directly against the winning team.
- 3.8.7. At any National Championship, if a player qualifies for two or more teams at the same NTRP level for an event, the individual must declare which team he or she will represent. In the absence of a declaration, the first match played will determine which team he or she will represent.

5. MATCH REGULATIONS – GENERAL

- 5.1 *Warm-ups*: The warm-up, including serves, begins at the scheduled time the match is to be played, regardless of whether the players are on the court and shall not exceed ten minutes. Local leagues with a time limit may choose to shorten this time to no less than five minutes. In cases where a player is late for the match, the Point Penalty System will be enforced. If the late player arrives five minutes past the scheduled start time but before the default time, they will receive a 5-minute injury prevention warm-up. Waiting doubles players may warm-up with each other at the scheduled match time. Waiting singles player may begin warm-up, at the scheduled match time, with any person not scheduled to be on court at the same time. Refer to Friend at Court for a specific outline of the Point Penalty System.
- 5.2 *Tardiness Point Penalty System*: The late player loses the toss plus one game for each five minutes they are late. Penalties begin at the scheduled time of the match. The match is a default at 15:01 minutes late and considered a 6-0, 6-0 win for the player(s) present.
- 5.3 *Continuous Play*: Play must be continuous throughout the match. There is no rest after the first game of any set but players will change ends. If a 10-point match tiebreak is played in lieu of a third set, a two-minute rest, with no coaching, may be taken between the second set and the tiebreak. If the best 2 out of 3 sets are played, a ten-minute rest (with no coaching) between the second and third sets should be honored upon request. Local leagues with a time limit may waive or shorten this allotted rest period and must indicate the chosen procedures in the local regulations.
- 5.4 *Scoring*: All matches will be best-of-three sets with a 7-point set tiebreak if games are tied at 6-6 in any set. Local leagues may use no-ad, 8-game pro-sets, 5-point no-ad tiebreak, or the best-of-two sets and a 10-point match tiebreak in lieu of the third set as alternative scoring methods. The scoring system must be determined before the start of the local league season. If a time limit is enforced for local league matches, the Section League Coordinator must approve the scoring system when it varies from the full scoring as mentioned above. No match – team or individual – may end in a tie or split points. Each team in each flight will play each other team at least once. The method of awarding points to determine the winning team of a team match and the winner of the local league

competition may be the same as that used in championship competition or may be another method selected by the local league and approved through the Section office. In the case of a tie at the end of the local season, the USTA League tiebreak procedures as written in the local regulations will be used to break the tie.

- 5.5 *Team Match*: Each team match in a local league shall consist of such number of individual matches of singles, doubles, or any combinations thereof as determined by the local league. For each team match, a majority of the individual matches must be played to constitute a valid team match. Both teams involved must field a minimum number of positions to win the match and the balance of the positions will be recorded as double defaults, unless teams have both agreed to a rescheduled time. Position will be played in top down order. If either team does not comply, the team could be sanctioned from play for the next Championship Year. Each State League Committee retains the right to vote on exceptions.
- 5.6. *Scorecard Entry*: Either captain enters the scorecard on TennisLink, and the opposing captain must confirm or dispute the scorecard. Scorecards must be entered and confirmed within 48 hours upon completion of the match. TennisLink will automatically confirm a scorecard after 48 hours if the opposing captain does not confirm or dispute it. The right to dispute a match for standing purposes will be lost in the event TennisLink confirms the scorecard.

6. WILDCARD, REPLACEMENT, AND ADVANCEMENT TEAM PROCEDURES

The Section League Coordinator reserves the right of final approval of all replacement and wildcard teams based on scheduling needs.

- 6.1 *TennisLink Tiebreak Procedure*: The team will be selected based on the following criteria in this order: most individual position wins, fewest sets lost, fewest games lost, or random draw.
- 6.2 *Local Wildcard and Replacement Teams for a District or Sectional Championship*: If a winning team or runner-up from a local league is unable to attend a championship, the Tournament Director together with the Section League Coordinator will select a replacement team(s), if needed, according to the TennisLink tiebreak procedures. - 6.5.3 (a) Games: The team with the highest percentage of games won by them vs. games played by them in their round robin. Defaults received shall not count. Defaulting teams shall receive a 0-6; 0-6 score calculated into their percentage of games won for every match defaulted.
- 6.5.3 (b) Random Drawing: If teams are tied in highest percentage, the winning team will be determined by a random drawing.

7. CHAMPIONSHIP REGULATIONS - GENERAL

- 7.1 *Qualifying for Championships:* In the Adult and Mixed Divisions, a player is eligible to advance to District and/or Sectional Championship competition if that player has played on the same team in at least two matches at the same NTRP level in the same Age Group through Local competition and is otherwise eligible. One default received by the player during local league competition shall count for advancing. Retired matches shall count toward advancing for all players involved in all Divisions. Local Play Offs are considered championship play. The last match on Sunday may not be scheduled later than 3:00 p.m. unless the Tournament Director receives prior approval from the Section League Coordinator. Team captains must report to the tournament desk 45 minutes prior to their scheduled match time. - 7.7 *Defaults:* All players and teams are prohibited from defaulting in any of the District or Sectional Championships (whether during a match or prior to its commencement) except for illness, injury or personal emergency. A request for a waiver to compete with defaults must be submitted to the tournament director prior to the start of the championship event and participation at the event is dependent upon approval of the waiver. Notification to team(s) affected by a default will be managed by the Tournament Director and is based on the circumstance of the default(s). Failure to complete a match or a tournament can result in loss of future rights to participate in the USTA

Local Leagues may enforce this rule as written or with other default penalties pre-approved by the Section League Coordinator and USTA League Committee and stated in the Local rules.

If the captain does not sign the completed scorecard within 30 minutes following his match, he then forfeits the right to dispute the match.
- 7.11 *Alternative Scoring*: If rain, inclement weather, or other unforeseen circumstances severely delay the Championship, the Section League Coordinator and Section League Committee may authorize any alternate plans as deemed necessary, including the use of no-ad scoring or pro-set scoring, to complete play on schedule.
- 7.12 *Alternative Formats*: The Section League Coordinator or the Section League Committee shall have the authority to modify the format of the District and Sectional Championships if there are more or fewer teams than anticipated, defaults, unforeseen weather conditions, a need for additional teams (using wildcard procedures), or any other reason which would necessitate a change in the announced format.
- 7.13 A team that declines a championship invitation for two consecutive years must then declare their intention to advance upon registering for the current league season to their local league coordinator.

A team that withdraws 48 hours or less from the start of the championship event will be responsible for 100% of their team fee. 11. MOVE-UP/SPLIT-UP 2.06: (as copied from USTA Regulations - National)

2.06A National Championship Teams.

2.06A(1): Move-Up – Teams and team members that advance to, or qualify for, any National Championship may play together as a team, in whole or in part, if they move up one NTRP team level.

2.06A(2): Split-Up - No more than three (3) players who were on the roster of any team that advanced to, or qualified for, any National Championship team the previous year may play together in the same Division, same Age Group and at the same NTRP team level as the National Championship team(s), if their NTRP rating allows. Split-Up requirements only apply to players who participated in three (3) or more matches (including one default) for that team during the championship year.

2.06A(3): If a Section has a regulation that limits the number of players on a roster that are at a specific level, the Section must suspend that regulation for one year for any team that advances to, or qualified for, any National Championship the previous year and chooses to move up one NTRP team level.

Move Up Split Up does not apply to Adult 65 & Over.

12. NTRP RATINGS, APPEAL AND DISQUALIFICATIONS PROCEDURES

- 12.1 *Valid Rating*: A player who registers for Early Start Leagues between September 1 and the date the Year-End ratings are published will use their most recent USTA League Year End Rating. A player who does not have a valid computer rating must self-rate.

- 12.2 *Early Start League Player whose Year End Rating is higher than their rating used for the Early Start League*: The following regulation applies to all divisions that participate in Early Start Leagues. If a player's Year End Rating is higher than his rating used for the Early Start League, the player must decide the action he will proceed with by the stated deadline as published on the USTA New England web site:

12.2.1 Submit an appeal online. If the appeal is granted by the NTRP Committee, the player may continue to play on the Early Start League team. The player's Year End Rating will be changed on TennisLink to reflect the appeal. An appeal is

automatically granted if the appeal meets the established National guidelines. If the appeal is denied, a player cannot continue to play on the Early Start League team and must move to his appropriate NTRP level of play within a specific period as determined for that Championship Year.

12.2.2 If a player's Year End Rating is higher than their rating used for the Early Start League, and they decide not to file an appeal they must move up to the next NTRP level of play. However, the player may continue to play matches on the early league team for a period of 10 days after the Year End Ratings are published.

12.2.3 If a player chooses to appeal their Year End Rating in order to remain on the Early Start League team and the appeal is granted, the player will not be eligible to file a second appeal later in the championship season to qualify for in-level NTRP roster requirements for another team or for any other reason.

12.2.4 If a player must move to the next higher NTRP level, all matches played in the Early Start League prior to the Year End rating publication date and the 10-day grace period will stand.

12.2.5 The League Coordinator is responsible for reviewing and updating all Early Start League rosters between December 15th and January 15th to confirm that each player's rating is accurate according to the most recent Year End publication.

12.2.6 The TennisLink Registration Fee will be waived (except for the \$3 Active fee) for a player who is not eligible to appeal his rating down and therefore is no longer eligible to participate on his Early Start League team. The player must register for a team at the next highest NTRP level within that local league division and season after December 10th and before January 1st to be eligible for a player registration fee waiver. The player reimbursement will be managed by the League Coordinator. Any exceptions to 11.2.6 will be reviewed by the Section League Coordinator.

- 12.3 *Oversight*: The Section will establish an NTRP Review Committee, which must be approved by the Section League Coordinator and the USTA League Committee. The NTRP Review Committee shall be responsible for processing Self Rate appeals, medical appeals and Fair Play Grievance Disqualifications. Guidelines and Procedures are established by USTA League Regulations.
- 12.4 *Appeals*: NTRP medical appeals must be completed by the player in writing and submitted on the official USTA Medical Appeal Form. All other NTRP Appeals are processed electronically and apply to computer rated players who meet the criteria established by the National guidelines. A championship player's computer rating achieved as a result of play in National Championships may not be appealed down following the Championship Year it is received except as in Reg. 2.05D Medical Appeals and Reg. 2.05E Promotion of Players 60 or Over and 65 or Over. A player is prohibited from playing at any level below his current rating until a USTA New England administrator informs them that their appeal was granted. A \$25.00 fee (made payable to USTA New England) must be submitted with the required medical appeal documentation to appeal an NTRP Rating for permanent medical injury or condition that affects a player's ability to play tennis at the assigned level.
- 12.5 *Disqualification*:
- 12.5.1 Refer to USTA League Regulation 3.03E1. All self-rated players, no matter what division, are subject to an NTRP Grievance disqualification.
 - 12.5.2 If a player is disqualified by way of an NTRP Grievance, they will be prohibited from further play at that NTRP level for the remainder of the league season and all matches played will be reversed and scored as a 6-0, 6-0 win for his opponents.
 - 12.5.3 If a player is disqualified by way of a 3-strike disqualification, they will be prohibited from further play at that NTRP level for the remainder of the local league season and all matches played that are at the strike level and above will be reversed and scored as a 6-0, 6-0 win for his opponents. Notification of the 3-strike disqualification will be emailed by the Section to the player, team captain(s) and league coordinator.
 - 12.5.4 A \$50.00 fee (made payable to USTA New England) will be charged to file an NTRP Grievance on the official grievance form. If the grievance is upheld the \$50.00 will be refunded.
 - 12.5.5 At the Championship level for Adult 18 & Over and Adult 40 & Over; if a player is disqualified in a single-elimination competition, the last individual match played shall be considered a loss (6-0, 6-0) and that individual match shall be considered a win for the opposing player. In a round-robin competition, all matches played by the player shall be considered losses (6-0, 6-0) and those matches shall be considered wins for the opposing players or teams.
 - 12.5.6 At the Championship level for Adult 55 & Over, dynamic calculations will be run after the event and if a player is disqualified matches played will stand.
 - 12.5.7 The Section NTRP Grievance Committee will review all dynamic 3-strike and Fair Play disqualifications. Team and/or captain penalties may be imposed as deemed necessary.
