9. Determining the order of finish. The player who wins the most matches is the winner. If two players are tied, then the winner of the head to head match is the winner. If three or more players are tied, the Referee shall take the following steps to determine the order of finish:
  - a) The head-to-head win-loss record in matches involving just the tied players;
  - b) The player with the highest percentage of sets won of all sets completed;
  - c) The head-to-head win-loss record in matches involving the players who remain tied;
  - d) The player with the highest percentage of games won of all games completed;
  - e) To the extent that the above methods eliminate players (teams) from consideration at any step, the win-loss record between the remaining players (teams) shall be considered before going on to the next step.
  - f) If the Referee has applied all the steps and a tie still cannot be broken, the Referee shall use a random drawing among the remaining tied players to determine their order of finish.

#### E. Net Generation Play Tracker

1. New England [Net Generation Play Tracker](#) events offer an entry level of competition with half-day, non-elimination formats and no ranking points awarded.

### III. TOURNAMENT ENTRY

#### A. Entry Limitations on Players

1. A player may enter any level of singles tournament for which they are age-eligible but they may only play in one (1) age division at each tournament.
2. **L3 and closed L4 tournaments:** Players may register for multiple age divisions, but will only be admitted to one. Selection is done for the older age groups first in the following order: 18; 16; 14; and 12. If a player is selected to an older age division, they will automatically be withdrawn from the younger division. Players who registered for two age divisions and were not selected to the older age division are only eligible for selection or placement on the alternates list in the younger age division.
3. **Doubles Weekends:** At all one-day L7-L5 doubles events, a player may register for two age divisions provided competition is scheduled on different days. For L4 and L3 one-day doubles events, players can only register for one age division for the weekend.
  - a) Example: Players can register for both the 12s gender event on Saturday and the 12s mixed event on Sunday, however they cannot register for the 12s gender event on Saturday and the 14s gender event on Sunday.
4. **Tournament Overlap:** When entries close, a player shall not be entered in two or more New England sanctioned tournaments with overlapping start or end dates. ***If any parts of the tournament overlap, the player will be awarded five suspension points. (Exceptions: NE closed L3 and L4 events).***
  - a) **Note: If you are on the alternate list for an event, you are considered registered for that event.**
5. **National Tournaments:** A player shall not be entered in a New England and National sanctioned tournament with overlapping start or end dates regardless of competition start dates.

#### B. Online Entry, Entry Deadlines and Withdrawal

1. Players enter USTA New England tournaments using the online [Serve Tennis Platform](#).
2. Entry Deadlines

Level	Registration Deadline
3	Wednesday - 9 days prior to start of play 5:59pm
4	Wednesday - 9 days prior to start of play 5:59pm
5	Thursday - 8 days prior to start of play 5:59pm
6 & 7	Sunday Night - 6 days prior to the start of play 5:59pm
Midweek	6 days prior to the start of play 5:59pm

3. **For Team Event Entry Deadlines** please check the New England online Serve Tennis tournament schedule for entry deadlines for the following team events: the USTA 12, 14 and 16 Zone Team Championships, the 14 and 16 USTA Intersectional Team Championships and the USTA 18 National Team Championships.
4. Players withdrawing from tournaments prior to the entry deadline must use the online Serve Tennis Registration System to do so. Players withdrawing after the registration deadline must contact the tournament director immediately.

#### C. Late Entries and Onsite Alternates

1. Tournament entries (and requests to change divisions) received after the published tournament deadline may be accepted at the discretion of the Tournament Director for Levels 6 and 7, if the draw has not been built and the late entry player will not invalidate the seedings. Late entries into

L5, L4, and L3 events may be accepted if the draw is not full or published, and the player will not invalidate the seedings.

- a) Players who inquire about a late entry when the draw is full may be placed on the bottom of the alternate list in the case they would not invalidate the seeding upon entry.
  - b) After the tournament draw is made, a player coming to a tournament as an onsite alternate may be accepted to replace a withdrawing player, if the replacement does not invalidate the seeding. An on-site alternate is a player not accepted in the draw who has checked in at the tournament and has asked to be placed in the draw if a spot becomes available
2. After the tournament draw is made, a late entry, or a player coming to a tournament as an onsite alternate, may be accepted to replace a withdrawing player, **if the replacement does not invalidate the seeding.**

#### D. Refunds

1. The Tournament Director shall refund a player's entry fee if:
  - a) A player withdraws before the entry deadline;
  - b) The entry is not accepted;
  - c) If a player is selected in error;
  - d) If the player did not play a match because their only opponent withdrew;
  - e) If the player plays no matches because the tournament is canceled due to inclement weather
  - f) The Serve Tennis processing fee is non-refundable in the above instances.

### IV. TOURNAMENT DRAW

#### A. Selection

1. Selection into all singles tournaments is based on the most recently published combined National Standing List available, in descending order, with the highest ranked players 1, 2, 3 ... selected first, and not on a first-come, first-served basis. In the Level 7 round-robin flights, players are selected to flights in ascending order, from the bottom up with players with no standing first and then up the standings 350, 200, 180.... until all available flights are filled and by filling the smallest size flight for that tournament first.
2. Selection into all doubles tournaments is based on the most recently published Doubles National Seeding List in descending order and not on a first-come, first-served basis. Tournament Directors will randomly match selected doubles players who do not identify a partner.
3. Selected players are randomly inserted into the draw using the Serve Tennis software. Tournament Directors may separate siblings from playing each other in the first round of a singles or doubles draw or from a round robin flight.
4. The Tournament Director has the right to limit the size of an L6 or L7 draw if he or she deems it necessary and this limit is posted prior to the registration (entries) open date on the tournament home page.
5. If the number of applications for entry exceeds the size limit of the draw, the following procedure will be used. Players are selected according to the most current standing list available. In all L7 divisions players must be selected using a bottom up approach whereby the unranked and lowest ranked players on the most current standing list available are selected first until the draw limit is reached.
6. USTA New England expects that all tournaments, once scheduled, will be held. Any event consisting of 4 or less players will be played out in a Round Robin format.
7. At one day doubles only tournaments, when a team withdraws from the main draw, the tournament director will replace the withdrawn team in the consolation draw with a BYE. The withdrawn team will remain in the consolation if they are able to play (ex. they were defaulted late for the main draw or a player was temporarily ill but is able to play a consolation match a couple of hours later.) A team that gets a withdrawal win in the main draw and then loses will not go into the consolation draw. Tournament directors will be advised to attempt to give this team a second play opportunity for the practice but not as part of the consolation draw for points and scheduled as if it were a match for points.

## B. Seeding

1. Seeding for L3, L4, and L5 singles events is based on UTR. **Note: A new rating system may be used for 2022.**
2. Seeding for doubles tournaments is based on the most recently published National Seeding List.
3. Ties will be broken as follows: A player whose best event has the highest number of points, second best, third best, etc through eight events.
4. Number of seeds in singles and doubles draws:
- 5.

Draw Size	Number of Seeds
4-11	2 seeds: all seeded numerically
12-23	4 seeds: all seeded numerically
24-32	8 seeds: all seeded numerically

## C. Wild Cards

1. At all New England closed Level 3 and Level 4 singles tournaments up to one eighth of the draw may be reserved for players who are granted a wild card.
2. Wild cards may be granted to any eligible player with a good record of being a good sport and who follows the normal online entry process for the tournament by the entry deadline. Wild cards may be used to select players into a closed Level 3 or Level 4 New England tournament in which the following criteria may be considered:
  - a) Any player with the potential to improve the overall strength of the field of the tournament may be considered.
  - b) A player whose ability to qualify has been affected by injury, illness, or other personal circumstance may be considered.
  - c) A player with a high standing in a younger age division of the event may be considered.
  - d) No player who submits a late wild card application may be considered.
3. Wild card requests must be filed [here](#) and must be received by the Director of Player Development, Shawna Fors (shawna.fors@newengland.usta.com) prior to the respective tournament entry deadline.
4. Players (teams) requesting a wild card must also follow the normal online entry process for the tournament by the entry deadline.
5. Wild Card Requests are reviewed by the USTA New England Director of Player Development, Shawna Fors (shawna.fors@newengland.usta.com) and may be approved by either the chair of the USTA New England National Selection Committee or the chair of the New England Coaches Commission.

#### **E. Postponed and Interrupted Matches**

1. The postponing and interrupting of matches because of weather, darkness or court conditions shall be at the sole discretion of the Tournament Director. Interrupted matches shall be resumed from the point of interruption as soon as ordered by the Tournament Director. If matches cannot be completed by the published tournament end date then all matches completed to that point will earn points-per-round and count in the standings. The remaining matches will not be rescheduled at a later date.

#### **F. Inclement Weather**

1. In the event of inclement weather forecasts, tournaments do not get canceled, nor do they get rescheduled. In the event of actual inclement weather; each Tournament Director has the sole authority to exercise their discretion to continue their tournament based upon the ability of the facility being open to do so, and each player (parent), has the sole authority to exercise their own discretion as to whether or not it is safe for them to travel to their match. Any matches that are played and any player(s) that are on site and advance due to a withdrawal will be awarded points-per-round.
2. Heat Advisory Rule: In the event of high temperatures, each Tournament Director has the sole authority to exercise their discretion to continue their tournament based upon the ability of the facility. Tournament Directors also have the authority to extend allotted rest times or reschedule match times upon agreement of players.
3. When inclement weather or safety concerns require a Tournament Director to take steps to shorten the tournament to keep the tournament on schedule, they have the sole authority to shorten matches so long as all matches in that round are played with the same format.

#### **G. Continuity of Play**

1. Tournament court time shall be continuous, with a minimum of interruptions by other activities (e.g., clinics, club matches or lessons). Matches should begin as early as possible on each day of a tournament.

#### **H. Different Court Surfaces**

1. In L5, L6 and L7 tournaments matches may be scheduled on different surfaces at the same event, in one age division, only if this is stated prior to the entry deadline on the tournament home page in the schedule.

#### **I. Use of Balls**

1. Three new regulation yellow balls are to be supplied to players at the beginning of every main draw match as well as playoffs in L3, L4 and L5 tournaments.
2. Tournament Directors have the option of providing three new yellow balls prior to the start of the third set. This should be conveyed to the players prior to the start of the match and if so then the request of either player for a new can of balls to start the third set will be granted.
3. In 12, 14, 16, 18 and under round-robin events, three new yellow balls shall be provided before the start of the round.
4. In 12 and under green ball round-robin events, three new green balls shall be provided after every three (3) sets of use.
5. In 10 and under Youth Progression events, three new regulation orange type balls shall be provided at the beginning of play at the tournament.

#### **J. Officiating**

1. It is a USTA New England requirement to have a certified official onsite during match play at L3 and L4 singles events. A player must tell their opponents what they are doing when they leave the court to seek an official. The official does not have to stay on one court for the duration of that match.
2. At L5, L6 and L7 events, a player may request an umpire or Tournament Director if need has been demonstrated by a pattern of code violations by an opponent. A player must tell their opponents what they are doing when they leave the court to seek an official or if they leave the court to request a bathroom break. The umpire does not have to stay on that court for the duration of that match.

3. The Tournament Director must be prepared to provide an umpire over 18 years of age who knows the rules of tennis and conditions of tournament play for a match. An umpire should be unbiased; therefore, a parent or coach of one of the players in the contested match is not an appropriate umpire for the match. When a Tournament Director assigns someone to adjudicate a match each player continues to call his or her own lines, then if a questionable call has been made a player may appeal to the assigned umpire, this umpire then gives his or her decision based on what he or she has seen. That decision is final.
4. Parents, coaches and spectators do not have a voice in player disagreements.
5. Referees may assign umpires to a match whether the players request it or not.

**K. Tournament Feedback**

1. Players, parents and coaches are encouraged to provide the Section office with feedback about any junior tournament by using the online tournament evaluation form which can be found on the USTA New England website at this link: Tournament [Tournament Feedback Form](#).

**VI. BEING A GOOD SPORT & CONDUCT**

All players participating in USTA sanctioned events are expected to know the rules of playing a tennis match including keeping score and how to play a tiebreak, be familiar with the general rules of fair play contained in [the Code](#) and agree to abide by USTA Rules and Regulations and the “Player Promise.” Players, persons who appear to be associated with a player(including, but not limited to, parents and coaches), officials, and organizers of any tournament are under a duty to encourage and maintain high standards of proper conduct, fair play, and being a good sport. They are under an obligation to avoid acts that may be considered detrimental to the game of tennis.
