**Junior Team Tennis
Overview & Resources**

Overview

What is Junior Team Tennis?

[USTA Northern Junior Team Tennis](#) helps girls and boys ages 11 to 18 get in the game.

Junior Team Tennis is the largest team tennis program in the United States. It is a "traditional" team tennis format where a minimum of three boys and three girls form a team and compete against other JTT teams in the section. Leagues are available in the following categories: 12U Green Ball, 14U Intermediate, 18U Intermediate (Level I and II), and 18U Advanced.

Players 10 & under are welcome to play JTT and should be green or yellow ball eligible in accordance with USTA's [Net Generation Play Tracker](#) system.

- [USTA Junior Membership: Free](#)
 - TennisLink Player Registration Fee: \$3.15 per player (this fee is set and goes directly to Active, the company that created TennisLink). Bulk adding players is available, but the fee still applies.

Match formats consist of one set of boys singles, girls singles, boys doubles, girls doubles, and mixed doubles and the match is determined by total-games won.

Season Format of Play

When the coach/team manager prints out the scorecard the format is on the card. Team matches consist of:

- Two singles sets: one boys, one girls
- Two doubles sets: One boys, one girls
- One mixed doubles set

Important:

Each team requires a team minimum of 3 girls and 3 boys for each match. Each gender is allowed 1 player to play UP TO two lines for each match.

We recommend local programs use a 8-game pro-set, with ad scoring format with a 7-point tiebreak at 7-7. The winning team will be determined by total games won. *Shortened formats may be used if agreed upon prior to the start of the match, starting at 2-2, for example.*

Important Policies

Scorecard Policy

It is strictly prohibited for any coach, manager, or designated team representative to enter scores for a JTT match where a player listed on the team roster did not physically participate in a minimum of one point within that specific team match.

Player Eligibility

Players must remain age-eligible from May 29th, 2026 through July 31, 2026 in order to register and participate in Junior Team Tennis. *For example, a player turning 15 during the eligibility period, should play on a 18U team to start the season.*

Schedule Commitment

Team providers are responsible for communicating with their players the high expectation of attending matches and or practices. Respecting your weekly opponent's time is extremely important. Defaulting matches due to the lack of prompt communication may result in team disqualification from the Section Championships. Please keep communication and commitment to the schedule as a top priority. If a team is unexpectedly short players for the match, the coach/team manager should contact the opposing team to let them know at least 24-48 hours in advance.

Refund Policy

Teams that withdraw before a deadline will receive a refund minus the non-refundable TennisLink player and Square processing fees. **Teams are not eligible for refunds after entry deadlines. If you are unsure of how many teams you will have, please only register what player capacity you can fill. Extra season teams can be added if you acquire more players no later than May 29th, 2026.** *Additional sectional teams will not be accepted after the July 7th, 2026 deadline.*

The platform we go through for payment (Square and Stripe) have changed their refund policy. As of May 17th, 2023: If a team withdraws during the eligible time frame, 3% of the amount being refunded will be deducted to cover the processing fee incurred.

Be a Good Sport!

USTA Northern has a zero-tolerance policy for unacceptable spectator and player behavior, which can lead to immediate removal from the premises, and for spectators, a suspension of their ability to attend future events. This policy is in effect to uphold good sportsmanship and fair play. [USTA Northern Sportsmanship](#)

Local Program Expectations

Local program expectations are in place to ensure that a high quality program is administered by all involved, and that those who violate our expectations are held accountable. It is recognized that emergencies do occur. If a coach or team manager is notified in a timely manner by the opposing coach of a situation, they should be flexible and try to accommodate the other team.

Coach Responsibilities

Planning:

A few days before the match, opposing coaches should contact each other to review the date, time, location and how many players each team will have. If a team is short players, the coach should let the other coach know so that the other team will know how many players to bring, or whether a player will need to play twice. If the coach knows they will not be able to field a full roster ahead of time, reach out to the opposing coach as soon as possible to try to reschedule.

The coach should also communicate with his/her team before each match, letting them know what they are playing and if there are any time constraints. Players and parents should know to contact the coach by phone or text if there are any last-minute changes. Another important item to communicate is the level of players to be able to provide the best level-based play.

Match Day:

One adult should be in charge of each team.

When players arrive, a coach should take attendance of who is there. A coach should also have a contact list, should a player not show up, so lineups can be adjusted. Match assignments can then be determined, with the goal to get out as many matches as possible so players are not waiting around too long.

Before play begins, coaches should bring all the players together to discuss rules and any housekeeping items (bathrooms, trash on court, etc.).

Post Match:

Coaches should write all scores down and confirm with the opposing coach. Team managers/coaches are responsible for entering scores, preferably within 24 hours of match completion, but no more than 48 hours. This typically falls on the home team captain, although either captain can enter scores.

Home Team Responsibilities

1. Arrange at minimum 3 courts for your match.
2. Supply new, unopened tennis balls for the match
 - a. A match typically uses 3-5 cans ~ depends if the tennis balls are reused for the next line on court
 - i. Example: The teams are using 3 courts for their boy & girl singles, and girls doubles. The next 2 lines (boys doubles and mixed) that go on can reuse the tennis balls from the previous lines if the ball is still in good condition.
3. If there are weather conditions that may or are delaying play, communicate with the opposing coach on what you'd like to do.
 - a. Whether it be delay or reschedule, the decision must be agreed upon both sides.
 - b. If a rescheduled date is not available, you may reach out the [Natalie Stevens](#) to inquire a replacement match with another opponent.
4. Managing Conflicts
 - a. Conflicts may arise throughout the season. These could include inappropriate coaching by a parent to their child, other parents becoming upset about line calls/incorrect scoring, lack of spectator etiquette, etc.
 - b. ["Friend at Court"](#) can be a good reference. The Section Coordinator lists what USTA Northern's process is in the League Regulations, but coaches can contact the league coordinator for guidance.

Schedule Commitment

Coaches are responsible for communicating with their players the high expectation of attending matches and or practices.

Respecting your weekly opponent's time is extremely important. Consistently defaulting matches due to the lack of prompt communication may result in team disqualification from the Section Championships.

Please keep communication and commitment to the schedule a top priority.

If a team is unexpectedly short players for the match, the coach/team manager should contact the opposing team to let them know at least 24-48 hours in advance. Otherwise, give a week notice of a roster shortage.
