November 17, 2020

TO: USTA Captains
FROM: Jana Hirst, Northern Oregon USTA League Coordinator
RE: Adult 18 & Over / Mixed 40 & Over

=====

Time to revise my leagues again !!!!! I am extending the date for team registration until 12/22. This is necessitated because of the new state mandates in Oregon and Washington. Facilities will be closed for 2-4 weeks. Below are the new time frames. Is this ideal – NO Do I like it – NO, do you like it – probably NOT.

Brief overview. The league will start one week later. It is still my intention to provide 7-8 matches per team. Because of the extension, I won't be able to publish matches on TennisLink until one week prior to the league starting. Since people are not traveling nearly every player will be in town. I am not changing the dates for playoffs. However, as you well know things can change overnight.

There will be no captain's meeting. I will send out a detailed document of everything that will be expected for the league. This will be an eblast which will go to all registered players in the league.

The Adult 18 league is 2 singles matches and 3 doubles matches (5 courts).
The Mixed 40 league is 3 doubles matches (3 courts)
