I. MEN, WOMEN & QUAD TEAM SELECTIONS

One (1) Man, one (1) Woman, and one (1) Quad Team members will be selected by calculating the average of a player’s ITF singles ranking and USTA seeding (including utilization of protected rankings, if

For example: Player A is second in the USTA seeding and twelfth in the ITF ranking. For selection purposes Player A's selection ranking would be seventh. In the event of a tie, the player with the higher ITF ranking will be selected.

The USTA's World Team Cup Selection Group may select a second (2nd), third (3rd) and/or fourth (4th) player to the Cup Team should the USTA World Team Cup Selection Group determine that such selection would improve the Cup Team's overall chance of success. In the event no player has an ITF Junior Ranking, the player shall be selected using USTA Junior rankings. USTA Junior Rankings will be determined by calculating the average of the USTA end-of-year ranking from the prior year and the seed from the current seeding list. In the event of a tie, the player who has the higher current USTA seed will be selected.

The USTA's World Team Cup Selection Group may select a second (2nd), third (3rd) and/or fourth (4th) junior player to the Cup Team should the USTA World Team Cup Selection Group determine that such selection would improve the Cup Team's overall chance of success.
