

# USTA Southern Wheelchair Tennis Newsletter

MAY 2023

## Welcome to the Newsletter for USTA Southern Wheelchair Tennis!

Quarterly, we will provide you with information on upcoming tournaments, wheelchair tennis programs, tips on how to take your game to the next level, and all things wheelchair tennis. Also, keep an eye out on USTA Southern's Facebook page for Wheelchair Wednesday twice a month when wheelchair tennis will be the featured post for the day!

## Grants & Scholarships

USTA Southern Wheelchair Tennis gives grants and scholarships in January and May to programs to fund wheelchair tennis programs and to individuals in USTA Southern states to fund their pursuit of wheelchair tennis. Here are the forms to complete for the May grants for the Collegiate Wheelchair Tennis Scholarship (given to individuals living within the USTA Southern section, but the college the individual attends can be outside of the section) and the USTA Southern Program Grant. Both have a deadline of **May 31** and will be announced after June 15.

## Collegiate

The USTA National Collegiate Wheelchair Tennis Championships took place April 12-15 at the USTA National Campus in Lake Nona, Fla. Teams from 10 colleges, Alabama, Auburn, Boise State, Clemson, Houston, Michigan, Michigan State, San Diego State, Virginia, and Virginia Tech, played for a chance to become National Champions. The ten-team field is at an all-time high for the number of schools participating as collegiate wheelchair tennis continues to grow.

For the first time, the two finalists will return to the USTA National Campus this month to play the National Championship match during the NCAA DI, DII, and DIII National Championships. Look for a championship recap in the next newsletter.

Players also competed individually in singles in addition to the team competition. For the third year in a row, Thomas Venos from the University of Alabama was the Tier 1 champion.

## Tournament Recaps

The Georgia Open was recently held in Rome, GA with 52 wheelchair tennis players from 14 countries. Among the special guest spectators was the deputy counsel for the Israeli Consulate in Atlanta, who watched several of the players representing Israel. Awards were made with love by the Smith Smarties Darlington School Pre-K class. Teacher Beth Smith has been incorporating adaptive sports into her curriculum for the past 20 years. One of the students was on hand Saturday to present awards.

With a field of 128 wheelchair tennis players, 75 of them professional and 15 of them Juniors, the 32<sup>nd</sup> annual Cajun Classic Wheelchair Tennis Tournament in March was a rousing success. 25 states and 20 countries were represented. It was an action-packed and highly competitive tournament, spanning from amateurs to Grand Slam winners competing. To see the winners from all divisions, go to <https://brwta.org/cajun-classic-2023/>.

Dream Court's 3<sup>rd</sup> annual Montgomery Open was held on March 31 – April 2 and was another great success, with 27 wheelchair tennis players, including Juniors, from 10 different states and one international athlete competing. The tournament hosted an exhibition between the No. 13 internationally ranked male wheelchair tennis player, Casey Retzlaff, and Auburn University at Montgomery tennis player and Dream Court intern, Thibault Jacq, during the Player's Party. A local news station came out to cover the tournament, and you can see their story [here](#).

Thanks to their generous sponsors, the tournament was proud to be able to offer prize money to finalists.
